## 

## Nebraska College Savings Disclosure

This material is provided for general and educational purposes only, and is not intended to provide legal, tax or investment advice, or for use to avoid penalties that may be imposed under U.S. federal tax laws. Some states, including Nebraska, offer favorable tax treatment to their residents only if they invest in the state's own plan. Investors should consider before investing whether their or their designated beneficiary's home state offers any state tax or other benefits that are only available for investments in such state's qualified tuition program and should consult their tax advisor, attorney and/or other advisor regarding your specific legal, investment or tax situation.

This material is not an offer to sell or a solicitation of an offer to buy any securities. Any offer to sell shares within a plan may only be made by the Program Disclosure Statement and Participation Agreement relating to the plan.

The college savings plans within the Nebraska College Savings Program are sponsored by the State of Nebraska and administered by the Nebraska State Treasurer, who serves as trustee to each of the four plan options. The four plan options offer a series of investment portfolios within the Nebraska Educational Savings Plan Trust (plan issuer). The four plan options are intended to operate as qualified tuition programs, pursuant to section 529 of the U.S. Internal Revenue Code.

An investor in a college savings plan within the Nebraska College Savings Program should consider the investment objectives, risks, and charges and expenses associated with municipal fund securities before investing. More information about municipal fund securities is available in the issuer's official statement. An official statement may be obtained by going to the website for the plan option or by contacting the State Treasurer's office at 402-471-2455. The official statement should be read carefully before investing.

Participation in a plan within the Nebraska College Savings Program does not guarantee that contributions and the investment earnings, if any, will be adequate to cover future tuition and other higher education expenses or that a beneficiary will be admitted to or permitted to continue to attend an eligible educational institution.

Neither the State of Nebraska, the Nebraska State Treasurer, the Nebraska Investment Council nor the Program Manager shall have any debt or obligation to any contributor, any beneficiary or any other person as a result of the establishment of the plan, nor will these entities assume any risk or liability for mutual funds in which the plan invests.

Except for the Bank Savings Individual Investment Option, investments in the four plans within the Nebraska College Savings Program are not guaranteed or insured by the FDIC, any of the four plan option's investment managers, the State of Nebraska, the Nebraska State Treasurer, the Nebraska Investment Council, the Trust, First National Bank of Omaha, any of their respective affiliates, directors, officers or agents, or any other entity. Contributors to the plans assume all investment risk, including the potential loss of principal and liability for penalties such as those assessed on nonqualified withdrawals. It is possible to lose money by investing in the plans. FDIC Insurance is provided for the Bank Savings Individual Investment Option up to the maximum amount set by federal law, currently $\$ 250,000$.

## Progress Report

November 1, 2013

Our mission is to help make higher education a reality for children who dream of attending college. NEST, Nebraska's College Savings Plans, is committed to helping families reach their college savings goals. College savings plans are consistently becoming a key strategy for families who are saving for college. The average annual tuition costs of attending a four-year public and a four-year private college or university in the United States in 2012-2013 are escalating beyond the rate of inflation. Including tuition, room, board and expenses, the average total cost for a four-year public college is $\$ 17,860$; and for a four-year private college is $\$ 39,518$, according to the College Board. The College Savings Foundation reports from their Seventh Annual State of College Savings survey of nearly 1,000 parents across the country and income levels that savings is the number one way parents plan to pay for their child's education. NEST continues to assist parents and grandparents who are coping with the rising expenses of a college education, and we are seeing more awareness about the need to save and how 529's can help.

The Nebraska College Savings Program began in 2001. The plans are qualified tuition programs under Section 529 of the Internal Revenue Code, which governs all state programs. There are currently four plans within Nebraska's Educational Savings Plan Trust - the NEST Direct College Savings Plan, the NEST Advisor College Savings Plan, the TD Ameritrade 529 College Savings Plan, and The State Farm College Savings Plan. The Nebraska State Treasurer serves as the Program Trustee. First National Bank of Omaha serves as the Program Manager, and all investments are approved by the Nebraska Investment Council.

NEST, the Nebraska Educational Savings Trust, offers savings plans to meet the needs of every family and every budget. Our plans provide simple and affordable college savings options by offering tax-saving advantages and multiple investment options. The plans allow tax-free investments while saving for college, and qualified withdrawals for higher education expenses are federal and state income tax-free. Funds can be used at eligible schools nationwide and some foreign schools. Nebraska resident account owners, who contribute to a Nebraska sponsored plan, are eligible for a Nebraska State Income Tax Deduction of up to \$5,000 per tax return ( $\$ 2,500$ if married filing separately). The $\$ 10,000$ Nebraska State Income Tax Deduction per tax return ( $\$ 5,000$ if married filing separately) goes into effect in the 2014 tax year for taxes due in April 2015. The increased income tax deduction was approved in the 2013 Legislative session with the passage of LB296. Along with the increased tax deduction, LB296 includes two additional provisions: 1) In the event of the death of the account owner where there is no named successor account owner, the beneficiary will become the account owner; 2) Parents or guardians who are custodians of UTMA/UGMA (Uniform Transfers to Minors Act and Uniform Gift to Minors Act) accounts will be allowed to take a state-income tax deduction for their contributions into these minor-owned accounts.

Two plans in the Nebraska Educational Savings Trust (NEST), moved up in the annual Morningstar ratings from Neutral to Bronze. "Altogether, this is a good choice for Nebraska residents," Morningstar said in its analysis of the NEST Direct College Savings Plan. "Nebraska residents should give this plan a look," the Morningstar analysis said of the NEST Advisor College Savings Plan. The Nebraska plans were two of the 32 college savings plans nationwide receiving medals from Morningstar, an independent investment research firm

# Nebraska Educational Sevings Plen Trust 

## Progress Report (con.)

headquartered in Chicago. Morningstar said the following about the two NEST plans: "The list of plans earning Bronze medals got longer in 2013, reflecting the 529 industry's steady improvements. All of the Bronze-rated plans have well-executed strategies at a fair price. Often what separates a Bronze plan from a Neutral plan is the state's tax benefits. That was a contributing factor for two newcomers to the Bronze ranking, NEST Direct College Savings Plan and NEST Advisor College Savings Plan. The plans' sponsoring state, Nebraska, recently doubled the state income tax deduction, maxing out at $\$ 10,000$ for couples filing jointly. The plans also swapped out some lackluster investment choices for better ones. These changes together improve the likelihood of college savers' success and upped the plans' ratings from Neutral."

NEST previously was recognized for its fund selection by Kiplinger's Personal Finance magazine in 2011, and two NEST plans received the top five-cap rating from the well-respected website, savingforcollege.com, in 2012, the latest year for which those ratings are available.

Among our accomplishments this past year is the creation of Nebraska NEST Financial Scholars for Students and Nebraska NEST Financial Scholars for Families, a coordinated web-based initiative to help teach financial literacy to high school students and to help families learn more about state-sponsored 529 college savings plans in general and NEST in particular. Both programs were developed by EverFi, an educational technology firm in Washington, D.C. NEST Financial Scholars for Students is being made available to every Nebraska high school at no charge to the schools or the students. NEST Financial Scholars for Families is also free to Nebraskans. Both programs can be accessed through the Nebraska State Treasurer's website at www. treasurer.org.

Nationally, there are over 11.43 million accounts, and data from the College Savings Plan Network shows that the total investment by American families in 529 plans has reached a new record level of $\$ 205.94$ billion. In the four Nebraska Plans, at the end of the 3rd quarter for 2013, we had over $\$ 3.2$ billion in assets and 208,331 accounts in all four plans. As of September 30, 2013, there were 15,869 new accounts in all four plans for the 2013 calendar year-to-date, and the average account size was $\$ 15,557$. The average age of the account owner is 49.7 years. The average age of the beneficiary is 12 years. As of September 30, 2013, Nebraska's Participation Rate was $12.17 \%$, which is higher than the $11.93 \%$ at the third quarter in 2012. The investment flexibility and structure of the Nebraska College Savings Plans have made Nebraska an attractive state for outside customers as well. Approximately $73 \%$ of all of the accounts in the Nebraska 529 Plan come from account owners who are residents of another state.

The sustaining growth of the Program can be attributed to the flexible and diverse investment options Nebraska's College Savings Plans continue to offer participants. We have been able to reach investors by traveling and promoting college savings to local communities and organizations. We have taken advantage of promoting our plans at statewide events and by utilizing media outlets. A list of our promotions is provided in this report.

The Nebraska Educational Savings Trust continues to work hard in raising awareness about the importance

# Nebraska Educational Sevings Plen Trust 

## Progress Report (con.)

of saving for college. In an effort to encourage more families to save, more than $\$ 100,000$ has been awarded to children so far in 2013 through scholarships, sponsorships, and drawings. A list of our drawings and scholarships is provided in this report.

Following are some highlights of our college savings program for 2012 and the first three quarters of 2013.
The NEST Direct, NEST Advisor and TD Ameritrade College Savings Plans each experienced investment changes in 2012. On June 22, 2012, NEST launched investment plan changes, which were designed to enhance the account owner experience, respond to current market conditions, lower costs, and add operational features. The investment changes were selected and approved to build upon the strong lineup of investment options within the Plans. Changes made to the Plans included reducing portfolio expenses (net of asset based fees) by up to $52 \%$, modestly expanding the underlying fund asset classes, fine-tuning allocations to existing underlying funds to reduce cost and expand diversification, and adding operational features, which includes dollar cost averaging through systematic exchanges.

The Nebraska Investment Council approved changes to the NEST Direct and Advisor Plans. To maintain an open architecture plan at reasonable costs, effective July 26, 2013, the Tributary Core Equity Fund was replaced with the Vanguard Equity Income Fund in the NEST Direct Plan and the Dodge \& Cox Stock Fund in the NEST Advisor Plan as an Individual Investment Option and in select Age-Based and Static Option Portfolios. The two new funds, Vanguard Equity Income and the Dodge \& Cox Stock fund, have lowered fund management fees compared to the Tributary Core Equity fund. As a result, this change resulted in an overall decrease in cost for account owners in the majority of the portfolios offered by the Plans.

The State Farm College Savings Plan experienced one minor change in 2012. Effective February 24, 2012, Class B shares are no longer available for purchase in the State Farm Plan. Existing Class B share investments became closed to new investments but remained otherwise unaffected by this change. Contributions received after the closing of B shares were automatically directed to Class A units. The plan had no investment changes occur in 2013. However, in January 2013, changes were made to the State Farm sales force structure. These changes were designed to allow the leaders to focus solely on sales and growth. The agent role has not changed. The change did impact sales associates that assist agents in financial services. The adjustment has provided consistent and positive growth in the State Farm 529 plan, and the plan is on pace to have the highest amount of annual news sales in 2013.

The College Savings Plan Network (CSPN), an affiliate of the National Association of State Treasurers (NAST), continues to work together with state programs on developing disclosure principles, which allow consumers to make objective comparisons of fees and expenses of each state's 529 College Savings Plan. All of the Nebraska sponsored plan Program Disclosure Statements and Enrollment Handbook are in compliance with the Disclosure Principles adopted. Each year, the State Treasurer, legal counsel and the plan managers revisit the plan disclosures and continue to update and improve our communication with the plan participants.

## Progress Report (con.)

As required by Nebraska State Statute 85-1811, the plans were audited in accordance with auditing standards generally accepted in the United States of America by independent certified public accountants. The related audit reports are included in this report, and all of the financial reports of the plans were presented in conformity with accounting principles generally accepted in the United States of America.

If you have any questions or comments regarding NEST, Nebraska's College Savings Program, please contact our office at 402-471-2455 or visit www.treasurer.org. We are always willing to assist you with any questions you may have about the College Savings Program.

(1)
First National Bank Omaha
Program Manager

## Program Manager <br> First National Bank of Omaha NEST Direct College Savings Plan NEST Advisor College Savings Plan

Effective December 20, 2010, the State Treasurer has contracted with First National Bank of Omaha to provide program management services. Under this contract First National Bank provides the day-to-day administration, record keeping, and marketing of the "Plan" as set forth by LB 1003. First National Bank provides separate accounting for each beneficiary. In addition, they administer and maintain overall trust and individual account records. Following each quarter of the year, First National Bank presents performance reports of the Plan to the State Treasurer.

The NEST Direct Plan offers 23 unique investment options consisting of 4 Age-Based Portfolios, 3 Static Portfolios, and 16 Individual Investment Options ranging from aggressive to conservative investment options; including the Bank Savings Individual Investment Option (an FDIC-insured option), to create a customized allocation portfolio.

The NEST Advisor Plan offers 26 unique investment options consisting of 4 Age-Based Portfolios, 3 Static Portfolios, and 19 Individual Investment Options ranging from aggressive to conservative investment options; including the Bank Savings Individual Investment Option (an FDIC-insured option), to create a customized allocation portfolio. All of the investment options in both Plans have received the approval of the Nebraska Investment Council.

As of September 30, 2013, the NEST Direct Plan had 64,837 accounts and $\$ 1,489,511,164$ in assets. The NEST Advisor Plan had 59,791 accounts and \$775,139,645 in assets.

Hayes \& Associates of Omaha performed agreed-upon procedures to verify compliance with the Program Management Agreement in maintaining separate accounting procedures and account recordkeeping. Hayes \& Associates noted no exceptions in their testing procedures that would indicate noncompliance with account recordkeeping and reporting including the collection, deposit, and investing procedures of assets received by the Program Manager.

The audit and the agreed-upon procedures of the NEST College Savings Plans are included in this report.

If you have any questions regarding the Plan, please contact our office, www.treasurer.org or visit www.NEST529Direct.com or www.NEST529Advisor.com

## NEST Direct Age-Based Portfolios

Age-Based Investment Options are strategically designed with predetermined allocations into different funds based on four risk styles - Aggressive, Growth, Index or Conservative.

The four Age-based Investment Options adjust over time so as the Beneficiary nears college the allocation becomes more conservative.

Aggressive
The Age-Based Aggressive Investment Option seeks to provide capital appreciation. The strategy is based on the understanding that the volatility associated with equity markets can be accompanied by the highest potential for long-term capital appreciation.

Growth
The Age-Based Growth Investment Option seeks to provide capital appreciation and some current income. This strategy is based on accepting the risks associated with stocks, which have the potential to provide high returns, and seeking to balance the effects of volatility through diversification in fixed-income securities. The Age-Based Index Investment Option seeks to provide capital appreciation and some current income through the use of index-based investments. This strategy is based on accepting the risks associated with stocks, which have the potential to provide high returns, and seeking to balance the effects of volatility through diversification in fixed-income securities.

Index
The Age-Based Index Investment Option seeks to provide capital appreciation and some current income through the use of index-based investments. This strategy is based on accepting the risks associated with stocks, which have the potential to provide high returns, and seeking to balance the effects of volatility through diversification in fixed-income securities.

Conservative
The Age-Based Conservative Investment Option seeks to provide current income and some capital appreciation. This strategy is based on accepting the risks associated with stocks, which have the potential to provide high returns, and seeking to balance the effects of volatility through diversification in fixed-income securities.

## NEST Advisor Age-Based Portfolios

Age-Based Investment Options are strategically designed with predetermined allocations into different funds based on four risk styles Aggressive, Growth, Index or Conservative.

The four Age-Based Investment Options adjust over time so as the Beneficiary nears college the allocation becomes more conservative.
Aggressive - The Age-Based Aggressive Investment Option seeks to provide capital appreciation. The strategy is based on the understanding that the volatility associated with equity markets can be accompanied by the highest potential for long-term capital appreciation.

Growth - The Age-Based Growth Investment Option seeks to provide capital appreciation and some current income. This strategy is based on accepting the risks associated with stocks, which have the potential to provide high returns, and seeking to balance the effects of volatility through diversification in fixed-income securities.

Index - The Age-Based Index Investment Option seeks to provide capital appreciation and some current income through the use of indexbased investments. This strategy is based on accepting the risks associated with stocks, which have the potential to provide high returns, and seeking to balance the effects of volatility through diversification in fixed-income securities.

Conservative - The Age-Based Conservative Investment Option seeks to provide current income and some capital appreciation. This strategy is based on accepting the risks associated with stocks, which have the potential to provide high returns, and seeking to balance the effects of volatility through diversification in fixed-income securities.

The following table illustrates the allocation into asset classes, based on the Portfolio reflecting the age of the beneficiary.

## INDEPENDENT AUDITOR’S REPORT

To the Trustee, Program Manager, Processor, Investment Manager, and Participants and Beneficiaries of the Direct College Savings Plan

## Report on the Financial Statements

We have audited the accompanying statement of net position available for benefits of the Direct College Savings Plan (the Plan) which is part of the Nebraska Educational Savings Plan Trust (the Trust), as of December 31, 2012, and the related statement of changes in net position available for benefits, the investment summary and investment detail, and the related notes to the financial statements, which collectively comprise the Plan's basic financial statements as listed in the table of contents.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that
are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the financial statements, including the investment summary and investment detail, referred to above present fairly, in all material respects, the financial position of the Plan as part of the Nebraska Educational Savings Plan Trust, as of December 31, 2012, and the respective changes in changes in net position, investment summary and investment detail for year then ended in accordance with accounting principles generally accepted in the United States of America.

## Emphasis of a Matter

As discussed in Note A, the financial statements present only the Direct College Savings Plan, and is not intended to present fairly the financial position of the Nebraska Educational Savings Plan Trust as a whole and the results of its operations in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

## Other Matter

## Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that comprise the Direct College Savings Plan basic financial statements. The schedule of participant contributions and transfers in and participant distributions and transfers out is presented for the purpose of additional analysis and is not a required part of the basic financial statements.

The schedule of participant contributions and transfers in and participant distributions and transfers out is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of participant contributions and transfers in and participant distributions and transfers out is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated August 29, 2013 on our consideration of the Direct College Savings Plan's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering The Direct College Savings Plan’s internal control over financial reporting and compliance.

[^2]Nebraska Educational Savings Plan Trust
Direct College Savings Plan
NOTES TO FINANCIAL STATEMENTS
For the year ended December 31, 2012

## NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## 1. Reporting Entity

The Nebraska Educational Savings Plan Trust (the Trust), established on January 1, 2001, is designed to qualify as a tax-advantaged qualified tuition program under Section 529 of the Internal Revenue Code of 1986, as amended.

The Direct College Savings Plan (the Plan) is part of the Nebraska Educational Savings Plan Trust (the Trust). The Trust was established in accordance with Nebraska Legislative Bill 1003 (the Act) as amended, to encourage the investment of funds to be used for qualified education expenses at institutions of higher education. The Trust is comprised of three funds: the Expense Fund, the Administrative Fund, and the Program Fund. The Plan is a series of the Program Fund of the Trust. The TD Ameritrade 529 College Savings Plan and the Advisor College Savings Plan are a separate class of accounts in the Plan and are not included in the accompanying financial statements. The State Farm College Savings Plan is a separate series of the Program Fund of the Trust and it is not included in the accompanying financial statements. The Expense Fund and the Administrative Fund are also not included in the accompanying financial statements. Accounts in the Plan have not been registered with the Securities and Exchange Commission or with any state securities commission pursuant to exemptions from registration available for securities issued by a public instrumentality of a state.

The financial statements presented reflect only the Direct College Savings Plan Series as part of the Nebraska Educational Savings Plan Trust and are not intended to present fairly the financial position of the Trust as a whole and the results of its operations in conformity with accounting principles generally accepted in the United State of America.

The Act authorizes and appoints the Nebraska State Treasurer as Trustee and responsible for the overall administration of the Plan. The State Treasurer has entered into a management contract with First National Bank (the Program Manager). Under the contract, the Program Manager provided day-to-day administrative and recordkeeping services to the Plan. The Program Manager provided separate accounting for each beneficiary. In addition, the Program Manager administers and maintains overall trust and individual accounts records.

Nebraska Educational Savings Plan Trust
Direct College Savings Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
For the year ended December 31, 2012

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

## 1. Reporting Entity - Continued

The Plan is comprised of Age-Based Investment Options, Static Investment Options, and Individual Investment Options. The Age-Based and Static Investment options invest in specified allocations of domestic equity, real estate, international equity, fixed income and money market investment funds. The Individual Investment Options invest in a single investment fund or, in the case of the Bank Savings Individual Investment Options, an FDIC-insured savings account. The Individual Investment Options invest in a single investment fund. The Investment Options and investments have been selected and approved by the Nebraska Investment Council.

Participants in the Plan may designate their accounts be invested in Aged-Based Investment Options designated to reduce the exposure to principal loss the closer in age the beneficiary is to college, Static Investment Options that keep the same asset allocation between equity, real estate, fixed income, money market securities, or in Individual Investment Options.

## 2. Basis of Presentation

The accompanying financials statements have been prepared in accordance with accounting principles generally accepted in the United States of America. The financial statements include the statements of net position available for benefits, statement of change in net position available for benefits, investment summary and investment detail. The statement of net position is a measure of the account's assets and liabilities at the close of the year. The statement of change in net position shows purchase to and redemptions from the account, as well as additions and deductions due to operations during the fiscal year. The investment summary and investment detail reports show summary of all investments at cost and market value and the detail listing of all investments, respectively.

Nebraska Educational Savings Plan Trust
Direct College Savings Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
For the year ended December 31, 2012

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

## 3. Security Valuation

Investments in the Underlying Funds are valued at the closing net asset or unit value per share of each Underling Fund on the day of valuation. The Plan calculates the net asset value of its shares based upon the net asset value of the applicable Underlying Funds, as of the close of the New York Stock Exchange (the Exchange), normally 4:00 P.M. Eastern time, on each day the Exchange is open for business. The net asset values of the Underlying Funds are determined as of the close of the Exchange, on each day the Exchange is open for trading.

## 4. Security Transactions and Investment Income

Security transactions are recorded on an average cost basis unless a client requests an alternative method on the trade date. Realized gain and losses on security transaction are determined on the cost basis on the disposition of assets. Dividend income is recorded on the ex-dividend date or upon ex-dividend notification.

## 5. Contributions, Withdrawals, and Distributions

Contributions by a participant are evidenced through the issuance of units in the particular Portfolio. Contributions to and withdrawals from the Portfolios are subject to terms and limitations defined in the Program Disclosure Statement and Participation Agreement between the participant and the Plan. Contributions received by the Program Manager before the close of trading on the New York Stock Exchange on any business day are credited to the account to which the contribution is made within one business day thereafter.

Withdrawals are based on the unit price calculated for each Portfolio on the business day on which the Program Manager processes the withdrawal request. The earnings portion (if any) of a non-qualified withdrawal will be treated as ordinary income to the recipient and may also be subject to an additional $10 \%$ federal tax, as well as partial recapture of any Nebraska state income tax deduction previously claimed.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
For the year ended December 31, 2012

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

## 6. Plan Expenses and Fees

Expenses included in the accompanying financial statements reflect the expenses of the Plan. The Underlying Fund expenses are factored into the daily net asset value for each respective Underlying Fund. As such, each Portfolio indirectly bears its proportional share of the fees and expenses of the Underlying Funds in which it invests.

The plan expenses and fees are as follows:

- Initial management fees equal to $0.26 \%$ of the average daily net assets in each Investment Option up to $\$ 2.5$ billion in assets, after which the management fee is reduced to $0.25 \%$ up to $\$ 3.5$ billion in assets, and management fees are reduced to $0.24 \%$ for assets under management exceeding $\$ 3.5$ billion.
- State administration fees equal to $0.03 \%$ of the average daily net assets in each Investment Option
- Underlying investment fees are a weighted average Underlying Fund expense ratio, which ranges from $0.20 \%$ to $1.26 \%$ of the average daily net assets in each Underlying Investment

These fees are accrued daily as a percentage of average daily net assets and will be deduction from each Investment Option. This fee will reduce the value of an account.

## 7. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of income and expenses during the reporting year. Actual results could differ from those estimates.

Nebraska Educational Savings Plan Trust
Direct College Savings Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
For the year ended December 31, 2012

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED
8. Income Taxes

The Program has been designed to comply with the requirements for treatment as a qualified tuition program under Section 529 of the Internal Revenue Code. Therefore, no federal income tax provision is required.

## NOTE B. INVESTMENTS AND INVESTMENT RISKS

All investments have some degree of risks. The value of the Plan's accounts may vary depending on market conditions, the performance of the investment options selected, timing of purchases, and fees. The value of the Plan's accounts could be more or less than the amount contributed to the accounts. The Plan's investments may lose money.

Investments in the Plan are not guaranteed or insured by the FDIC, the SIPC, the State of Nebraska, the Nebraska Investment Council, the Nebraska State Treasurer, First National Bank of Omaha or its authorized agents or their affiliates, or any other federal or state entity or person.

FDIC insurance is provided for the Bank Savings Individual Investment Option only, which invests in an FDIC-insured omnibus savings account held in trust by the Plan at First National Bank of Omaha.

The Plan's Underlying Funds have the following risks:
Custodial Credit Risk - custodial credit risk is the risk that, in the event of a failure of the counterparty, the Plan will not be able to recover the value of its investments that are in the possession of the outside party.

Market risk - the risk that changes in market prices will reduce the fair value of an asset, increase the fair value of a liability, or adversely affect the cash flows of an expected transaction. Market risks primarily affects stocks, but also affects highyield bonds and, to a lesser extent, higher quality bonds.

# Nebraska Educational Savings Plan Trust <br> Direct College Savings Plan <br> NOTES TO FINANCIAL STATEMENTS - CONTINUED <br> For the year ended December 31, 2012 

## NOTE C. FAIR VALUE MEASUREMENT

Accounting Standards Codification (ASC) 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and the lowest priority to measurements involving significant unobservable inputs (Level III measurements).

The three levels of the fair value hierarchy are as follows:

Level I - inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Organization has the ability to access at the measurement date.

Level II - inputs are inputs other than quoted prices included within Level I that are observable for the asset or liability, either directly or indirectly.

Level III - inputs are unobservable inputs for the asset or liability.
The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

| Funds |  | 97,824,157 |  |  |  | 97,824,157.00 |  | - |
| U.S. Equity Mutual |  |  |  |  |  |  |  |  |
| Funds |  | 549,175,753 |  | 324,796,384 |  | 224,379,369 |  | - |
| U.S. Real Estate |  |  |  |  |  |  |  |  |
| Mutual Funds |  | 64,944,589 |  | 64,944,589 |  |  |  | - |
| International Equity |  |  |  |  |  |  |  |  |
| Mutual Funds |  | 203,703,333 |  | 31,293,950 |  | 172,409,383 |  | - |
| Fixed Income Mutual |  |  |  |  |  |  |  |  |
| Funds |  | 331,523,646 |  | 331,523,646 |  | - |  | - |
| Fixed Income Mutual |  |  |  |  |  |  |  |  |
| Funds TIPS |  | 75,153,102 |  | 75,153,102 |  | - |  | - |
|  |  | 1,347,970,718 | \$ | 827,711,671 | \$ | 520,259,047 | \$ | - |

To value Level I investments: The fair value of Level I investments are determined by obtaining quoted market prices on nationally recognized securities exchanges.

To value Level II investments: Quoted prices for identical or similar assets or liabilities in markets that are not active. The fair value of Level II investments are determined based on quoted prices that were obtained directly from the fund companies through confirmations.

NOTE D. SUBSEQUENT EVENTS
As of August 29, 2013, the date the financial statements were available to be issued, the Direct College Savings Plan did not have any subsequent events affecting the amounts reported in the financial statements for the year ended December 31, 2012 or which are required to be disclosed in the notes to the financial statements for the year then ended.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROLS OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Trustee, Program Manager, Processor, Investment Manager, and Participants and Beneficiaries of the Direct College Savings Plan

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the statements of net position available for benefits of the Direct College Savings Plan as of and for the year ended December 31, 2012, and the related statement of changes in net position available for benefits, the investment summary and investment detail, and the related notes to the financial statements, which collectively comprise the Direct College Savings Plan’s basic financial statements, and have issued our report thereon dated August 29, 2013.

## Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Direct College Savings Plan's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Direct College Savings Plan’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Direct College Savings Plan's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Direct College Savings Plan’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## INDEPENDENT AUDITOR’S REPORT

To the Trustee, Program Manager, Processor, Investment Manager, and Participants and Beneficiaries of the Advisor College Savings Plan

## Report on the Financial Statements

We have audited the accompanying statement of net position available for benefits of the Advisor College Savings Plan (the Plan) which is part of the Nebraska Educational Savings Plan Trust (the Trust), as of December 31, 2012, and the related statement of changes in net position available for benefits, the investment summary and investment detail, and the related notes to the financial statements, which collectively comprise the Plan's basic financial statements as listed in the table of contents.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that
are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the financial statements, including the investment summary and investment detail, referred to above present fairly, in all material respects, the financial position of the Plan as part of the Nebraska Educational Savings Plan Trust, as of December 31, 2012, and the respective changes in changes in net position, investment summary and investment detail for year then ended in accordance with accounting principles generally accepted in the United States of America.

## Emphasis of a Matter

As discussed in Note A, the financial statements present only the Advisor College Savings Plan, and is not intended to present fairly the financial position of the Nebraska Educational Savings Plan Trust as a whole and the results of its operations in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

## Other Matter

## Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that comprise the Advisor College Savings Plan basic financial statements. The schedule of participant contributions and transfers in and participant distributions and transfers out is presented for the purpose of additional analysis and is not a required part of the basic financial statements.

The schedule of participant contributions and transfers in and participant distributions and transfers out is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of participant contributions and transfers in and participant distributions and transfers out is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated August 29, 2013 on our consideration of the Advisor College Savings Plan's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering The Advisor College Savings Plan’s internal control over financial reporting and compliance.

## NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## 1. Reporting Entity

The Nebraska Educational Savings Plan Trust (the Trust), established on January 1, 2001, is designed to qualify as a tax-advantaged qualified tuition program under Section 529 of the Internal Revenue Code of 1986, as amended.

The Advisor College Savings Plan (the Plan) is part of the Nebraska Educational Savings Plan Trust (the Trust). The Trust was established in accordance with Nebraska Legislative Bill 1003 (the Act) as amended, to encourage the investment of funds to be used for qualified education expenses at institutions of higher education. The Trust is comprised of three funds: the Expense Fund, the Administrative Fund, and the Program Fund. The Plan is a series of the Program Fund of the Trust. The TD Ameritrade 529 College Savings Plan and the Direct College Savings Plan are a separate class of accounts in the Plan and are not included in the accompanying financial statements. The State Farm College Savings Plan is a separate series of the Program Fund of the Trust and it is not included in the accompanying financial statements. The Expense Fund and the Administrative Fund are also not included in the accompanying financial statements. Accounts in the Plan have not been registered with the Securities and Exchange Commission or with any state securities commission pursuant to exemptions from registration available for securities issued by a public instrumentality of a state.

The financial statements presented reflect only the Advisor College Savings Plan Series as part of the Nebraska Educational Savings Plan Trust and are not intended to present fairly the financial position of the Trust as a whole and the results of its operations in conformity with accounting principles generally accepted in the United State of America.

The Act authorizes and appoints the Nebraska State Treasurer as Trustee and responsible for the overall administration of the Plan. The State Treasurer has entered into a management contract with First National Bank (the Program Manager). Under the contract, the Program Manager provided day-to-day administrative and recordkeeping services to the Plan. The Program Manager provided separate accounting for each beneficiary. In addition, the Program Manager administers and maintains overall trust and individual accounts records.

Nebraska Educational Savings Plan Trust<br>Advisor College Savings Plan<br>NOTES TO FINANCIAL STATEMENTS - CONTINUED<br>For the year ended December 31, 2012

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

1. Reporting Entity - Continued

The Plan is comprised of Age-Based Investment Options, Static Investment Options, and Individual Investment Options. The Age-Based and Static Investment options invest in specified allocations of domestic equity, real estate, international equity, fixed income and money market investment funds. The Individual Investment Options invest in a single investment fund. The Investment Options and investments have been selected and approved by the Nebraska Investment Council.

Participants in the Plan may designate their accounts be invested in Aged-Based Investment Options designated to reduce the exposure to principal loss the closer in age the beneficiary is to college, Static Investment Options that keep the same asset allocation between equity, real estate, fixed income, money market securities, or in Individual Investment Options.

## 2. Basis of Presentation

The accompanying financials statements have been prepared in accordance with accounting principles generally accepted in the United States of America. The financial statements include the statements of net position available for benefits, statement of change in net position available for benefits, investment summary and investment detail. The statement of net position is a measure of the account's assets and liabilities at the close of the year. The statement of change in net position shows purchase to and redemptions from the account, as well as additions and deductions due to operations during the fiscal year. The investment summary and investment detail reports show summary of all investments at cost and market value and the detail listing of all investments, respectively.

Nebraska Educational Savings Plan Trust
Advisor College Savings Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
For the year ended December 31, 2012

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED
3. Security Valuation

Investments in the Underlying Funds are valued at the closing net asset or unit value per share of each Underling Fund on the day of valuation. The Plan calculates the net asset value of its shares based upon the net asset value of the applicable Underlying Funds, as of the close of the New York Stock Exchange (the Exchange), normally 4:00 P.M. Eastern time, on each day the Exchange is open for business. The net asset values of the Underlying Funds are determined as of the close of the Exchange, on each day the Exchange is open for trading.

## 4. Security Transactions and Investment Income

Security transactions are recorded on an average cost basis unless a client requests an alternative method on the trade date. Realized gain and losses on security transaction are determined on the cost basis on the disposition of assets. Dividend income is recorded on the ex-dividend date or upon ex-dividend notification.

## 5. Contributions, Withdrawals, and Distributions

Contributions by a participant are evidenced through the issuance of units in the particular Portfolio. Contributions to and withdrawals from the Portfolios are subject to terms and limitations defined in the Program Disclosure Statement and Participation Agreement between the participant and the Plan. Contributions received by the Program Manager before the close of trading on the New York Stock Exchange on any business day are credited to the account to which the contribution is made within one business day thereafter.

Withdrawals are based on the unit price calculated for each Portfolio on the business day on which the Program Manager processes the withdrawal request. The earnings portion (if any) of a non-qualified withdrawal will be treated as ordinary income to the recipient and may also be subject to an additional $10 \%$ federal tax, as well as partial recapture of any Nebraska state income tax deduction previously claimed.

Nebraska Educational Savings Plan Trust<br>Advisor College Savings Plan<br>NOTES TO FINANCIAL STATEMENTS - CONTINUED<br>For the year ended December 31, 2012

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

## 6. Plan Expenses and Fees

Expenses included in the accompanying financial statements reflect the expenses of the Plan. The Underlying Fund expenses are factored into the daily net asset value for each respective Underlying Fund. As such, each Portfolio indirectly bears its proportional share of the fees and expenses of the Underlying Funds in which it invests.

The plan expenses and fees are as follows:

- Initial management fees equal to $0.26 \%$ of the average daily net assets in each Investment Option up to $\$ 2.5$ billion in assets, after which the management fee is reduced to $0.25 \%$ up to $\$ 3.5$ billion in assets, and management fees are reduced to $0.24 \%$ for assets under management exceeding $\$ 3.5$ billion.
- Distribution fees equal to $0.25 \%$ of the average daily net assets for class A and $1.00 \%$ for class C in each Investment Option
- State administration fees equal to $0.03 \%$ of the average daily net assets in each Investment Option
- Underlying investment fees are a weighted average Underlying Fund expense ratio, which ranges from $0.20 \%$ to $1.59 \%$ of the average daily net assets in each Underlying Investment

These fees are accrued daily as a percentage of average daily net assets and will be deduction from each Investment Option. This fee will reduce the value of an account.

## 7. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of income and expenses during the reporting year. Actual results could differ from those estimates.

Nebraska Educational Savings Plan Trust
Advisor College Savings Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
For the year ended December 31, 2012

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED
8. Income Taxes

The Program has been designed to comply with the requirements for treatment as a qualified tuition program under Section 529 of the Internal Revenue Code. Therefore, no federal income tax provision is required.

## NOTE B. INVESTMENTS AND INVESTMENT RISKS

All investments have some degree of risks. The value of the Plan's accounts may vary depending on market conditions, the performance of the investment options selected, timing of purchases, and fees. The value of the Plan's accounts could be more or less than the amount contributed to the accounts. The Plan's investments may lose money.

Investments in the Plan are not guaranteed or insured by the FDIC, the SIPC, the State of Nebraska, the Nebraska Investment Council, the Nebraska State Treasurer, First National Bank of Omaha or its authorized agents or their affiliates, or any other federal or state entity or person.

FDIC insurance is provided for the Bank Savings Individual Investment Option only, which invests in an FDIC-insured omnibus savings account held in trust by the Plan at First National Bank of Omaha.

The Plan's Underlying Funds have the following risks:
Custodial Credit Risk - custodial credit risk is the risk that, in the event of a failure of the counterparty, the Plan will not be able to recover the value of its investments that are in the possession of the outside party.

Market risk - the risk that changes in market prices will reduce the fair value of an asset, increase the fair value of a liability, or adversely affect the cash flows of an expected transaction. Market risks primarily affects stocks, but also affects highyield bonds and, to a lesser extent, higher quality bonds.

# Nebraska Educational Savings Plan Trust <br> Advisor College Savings Plan <br> NOTES TO FINANCIAL STATEMENTS - CONTINUED <br> For the year ended December 31, 2012 

## NOTE C. FAIR VALUE MEASUREMENT

Accounting Standards Codification (ASC) 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and the lowest priority to measurements involving significant unobservable inputs (Level III measurements).

The three levels of the fair value hierarchy are as follows:
Level I - inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Organization has the ability to access at the measurement date.

Level II - inputs are inputs other than quoted prices included within Level I that are observable for the asset or liability, either directly or indirectly.

Level III - inputs are unobservable inputs for the asset or liability.
The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

# Nebraska Educational Savings Plan Trust <br> Advisor College Savings Plan <br> NOTES TO FINANCIAL STATEMENTS - CONTINUED <br> For the year ended December 31, 2012 

NOTE C. FAIR VALUE MEASUREMENT - CONTINUED

The following table presents assets that are measured at fair value on a recurring basis at December 31, 2012:

|  | Fair Value |  | Level I |  | Level II |  | Level III |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Bank Savings | \$ | 9,564,245 | \$ | - | \$ | 9,564,245 | \$ | - |
| Money Market |  |  |  |  |  |  |  |  |
| Funds |  | 51,746,621 |  | - |  | 51,746,621 |  | - |
| U.S.Real Estate |  |  |  |  |  |  |  |  |
| Mutual Fund |  | 32,525,344 |  | 32,525,344 |  |  |  |  |
| U.S. Equity Mutual |  |  |  |  |  |  |  |  |
| Funds |  | 280,880,337 |  | 146,789,686 |  | 134,090,651 |  | - |
| International Equity |  |  |  |  |  |  |  |  |
| Mutual Funds |  | 110,910,046 |  | 19,367,360 |  | 91,542,686 |  | - |
| Fixed Income Mutual |  |  |  |  |  |  |  |  |
| Funds |  | 175,028,980 |  | 175,028,980 |  | - |  | - |
| Fixed Income Mutual |  |  |  |  |  |  |  |  |
| Funds TIPS |  | 44,493,596 |  | 44,493,596 |  | - |  | - |
|  | \$ | 705,149,169 | \$ | 418,204,966 | \$ | 286,944,203 | \$ | - |

To value Level I investments: The fair value of Level I investments are determined by obtaining quoted market prices on nationally recognized securities exchanges.

To value Level II investments: Quoted prices for identical or similar assets or liabilities in markets that are not active. The fair value of Level II investments are determined based on quoted prices that were obtained directly from the fund companies through confirmations.

## NOTE D. SUBSEQUENT EVENTS

As of August 29, 2013, the date the financial statements were available to be issued, the Advisor College Savings Plan did not have any subsequent events affecting the amounts reported in the financial statements for the year ended December 31, 2012 or which are required to be disclosed in the notes to the financial statements for the year then ended.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROLS OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Trustee, Program Manager, Processor, Investment Manager, and Participants and Beneficiaries of the Advisor College Savings Plan

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the statements of net position available for benefits of the Advisor College Savings Plan as of and for the year ended December 31, 2012, and the related statement of changes in net position available for benefits, the investment summary and investment detail, and the related notes to the financial statements, which collectively comprise the Advisor College Savings Plan’s basic financial statements, and have issued our report thereon dated August 29, 2013.

## Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Advisor College Savings Plan's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Advisor College Savings Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Advisor College Savings Plan's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Advisor College Savings Plan’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## Online Distributor <br> TD Ameritrade 529 College Savings Plan

## D Ameritrade

The NEST Plan partners with online brokerage firm, TD Ameritrade. The partnership allows another investment channel by offering the Nebraska 529 Plan to online investors. TD Ameritrade provides an excellent blend of product, price and service which enables customers to manage their own investments and personal finances. TD Ameritrade, based in Omaha, Nebraska, has been providing brokerage services since 1975.

TD Ameritrade offers unique investment options and is sold through branch offices and online as the TD Ameritrade 529 College Savings Plan. There are 24 investment options consisting of 4 Age-Based Portfolios, 3 Static Portfolios, and 17 Individual Mutual Fund Portfolios ranging from aggressive to conservative investment options. All of the investment options have received the approval of the Nebraska Investment Council.

As of September 30, 2013, the TD Ameritrade 529 College Savings Plan had 30,977 accounts and $\$ 630,464,506$ in assets.

The December 31, 2012 audit of the TD Ameritrade 529 College Savings Plan is included in this report.
If you would like to know more about this plan, please contact my office or visit www.tdameritrade.com.

## Nebraska Educarional Sevings Plan Trust

## TD Ameritrade 529 Age-Based Portfolios

The TD Ameritrade 529 College Savings Plan offers four Age-Based Investment Options that adjust over time so as the beneficiary nears college, the allocations become more conservative. Within the AgeBased Investment Options you may choose from an Aggressive, Growth, Index or Conservative asset allocation based on, among other factors, your investment goals and objectives, and your tolerance for market volatility and investment risk.

## Nebraske Educational Savings Plem Trust NEST <br> Annual Audit | Year End 12/31/2012 | Copyright 2013 | Nebraska State Treasurer Don Stenberg

## TD Ameritrade 529 Static Portfolios

The Static Investment Options are asset allocation Investment Options that invest in a set or "static" mix of domestic equity, real estate, international equity, international bond, fixed income, or money market funds. The three Static Investment Options keep the same asset allocation between domestic equity, real estate, international equity, international bond, fixed income funds, and money market funds over the life of your account. Unlike the Age-Based Investment Options, they do not move to a more conservative allocation mix as the Beneficiary approaches college age.

The three Static Investment Options you may choose from are the Growth, Balanced Index, or Conservative asset allocation investments. In selecting any Investment Option, you should consider, among other factors, your investment goals and objectives, and your tolerance for market volatility and investment risk.

Growth Static Investment Option seeks to provide capital appreciation and some current income. Balanced Index Static Investment Option seeks to provide both capital appreciation and current income. Conservative Static Investment Option seeks to provide current income and some capital appreciation.

## TD Ameritrade 529 Individual Fund Portfolios

In addition to four Age-Based Investment Options and three Static Investment Options, the TD Ameritrade 529 College Savings Plan offers 17 Individual Investment Options, representing several different asset classes. Each Individual Investment Option is invested in shares of a single fund. You may allocate your contributions to an account among one or more Individual Investment Options according to your investment objective and risk tolerance.

Since the Individual Investment Options invest in a single fund, their performance is based on the performance of the individual fund in which each of the Individual Investment Options is invested. Performance differences for the Individual Investment Options and their underlying funds may result from differences in the timing of purchases and sales and fees charged. Consequently, the performance of each of the Individual Investment Options may be more volatile than the Static or Age-Based Investment Options. Account owners do not own shares of the underlying funds but, rather, own an interest in the Investment Options offered by the Plan.

The Individual Investment Options are designed for account owners seeking a more focused investment strategy. You may select an Individual Investment Option or mix of Individual Investment Options based on, among other factors, your investment goals and objectives, and your tolerance for market volatility and investment risk. You should review each of the Individual Investment Options before making a selection from among the Investment Options offered through the Plan.

The Individual Investment Options within the asset classes are:

> Domestic Equity
> iShares Russell 2000 Growth Index ETF Individual Investment Option
> Tributary Small Company Individual Investment Option
> Vanguard Extended Market Index Individual Investment Option
> Vanguard Equity Income Individual Investment Option
> T. Rowe Price Large-Cap Growth Individual Investment Option

INDEPENDENT AUDITOR'S REPORT

To the Trustee, Program Manager, Processor, Investment Manager, and Participants and Beneficiaries of the TD Ameritrade 529 College Savings Plan

## Report on the Financial Statements

We have audited the accompanying statement of net position available for benefits of the TD Ameritrade 529 College Savings Plan (the Plan) which is part of the Nebraska Educational Savings Plan Trust (the Trust), as of December 31, 2012, and the related statement of changes in net position available for benefits, the investment summary and investment detail, and the related notes to the financial statements, which collectively comprise the Plan's basic financial statements as listed in the table of contents.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that
are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the financial statements, including the investment summary and investment detail, referred to above present fairly, in all material respects, the financial position of the Plan as part of the Nebraska Educational Savings Plan Trust, as of December 31, 2012, and the respective changes in changes in net position, investment summary and investment detail for year then ended in accordance with accounting principles generally accepted in the United States of America.

## Emphasis of a Matter

As discussed in Note A, the financial statements present only the TD Ameritrade 529 College Savings Plan, and is not intended to present fairly the financial position of the Nebraska Educational Savings Plan Trust as a whole and the results of its operations in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

## Other Matter

## Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that comprise the Plan's basic financial statements. The schedule of participant contributions and transfers in and participant distributions and transfers out is presented for the purpose of additional analysis and is not a required part of the basic financial statements.

The schedule of participant contributions and transfers in and participant distributions and transfers out is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of participant contributions and transfers in and participant distributions and transfers out is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated August 29, 2013 on our consideration of the Plan's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering The Plan’s internal control over financial reporting and compliance.

[^20]Nebraska Educational Savings Plan Trust TD Ameritrade 529 College Savings Plan NOTES TO FINANCIAL STATEMENTS

For the year ended December 31, 2012

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## 1. Reporting Entity

The Nebraska Educational Savings Plan Trust (the Trust), established on January 1, 2001, is designed to qualify as a tax-advantaged qualified tuition program under Section 529 of the Internal Revenue Code of 1986, as amended.

The TD Ameritrade 529 College Savings Plan (the Plan) is part of the Nebraska Educational Savings Plan Trust (the Trust). The Trust was established in accordance with Nebraska Legislative Bill 1003 (the Act) as amended, to encourage the investment of funds to be used for qualified education expenses at institutions of higher education. The Trust is comprised of three funds: the Expense Fund, the Administrative Fund, and the Program Fund. The Plan is a series of the Program Fund of the Trust. The Advisory College Savings Plan and the Direct College Savings Plan are a separate class of accounts in the Plan and are not included in the accompanying financial statements. The State Farm College Savings Plan is a separate series of the Program Fund of the Trust and it is not included in the accompanying financial statements. The Expense Fund and the Administrative Fund are also not included in the accompanying financial statements. Accounts in the Plan have not been registered with the Securities and Exchange Commission or with any state securities commission pursuant to exemptions from registration available for securities issued by a public instrumentality of a state.

The financial statements presented reflect only the TD Ameritrade 529 College Savings Plan Series as part of the Nebraska Educational Savings Plan Trust and are not intended to present fairly the financial position of the Trust as a whole and the results of its operations in conformity with accounting principles generally accepted in the United State of America.

The Act authorizes and appoints the Nebraska State Treasurer as Trustee and responsible for the overall administration of the Plan. The State Treasurer has entered into a management contract with First National Bank (the Program Manager). Under the contract, the Program Manager provided day-to-day administrative and recordkeeping services to the Plan. The Program Manager provided separate accounting for each beneficiary. In addition, the Program Manager administers and maintains overall trust and individual accounts records.

Nebraska Educational Savings Plan Trust<br>TD Ameritrade 529 College Savings Plan NOTES TO FINANCIAL STATEMENTS - CONTINUED

For the year ended December 31, 2012

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

1. Reporting Entity - Continued

The Plan is comprised of Age-Based Investment Options, Static Investment Options, and Individual Investment Options. The Age-Based and Static Investment options invest in specified allocations of domestic equity, real estate, international equity, fixed income and money market investment funds. The Individual Investment Options invest in a single investment fund. The Investment Options and investments have been selected and approved by the Nebraska Investment Council.

Participants in the Plan may designate their accounts be invested in Aged-Based Investment Options designated to reduce the exposure to principal loss the closer in age the beneficiary is to college, Static Investment Options that keep the same asset allocation between equity, real estate, fixed income, money market securities, or in Individual Investment Options.

## 2. Basis of Presentation

The accompanying financials statements have been prepared in accordance with accounting principles generally accepted in the United States of America. The financial statements include the statements of net position available for benefits, statement of change in net position available for benefits, investment summary and investment detail. The statement of net position is a measure of the account's assets and liabilities at the close of the year. The statement of change in net position shows purchase to and redemptions from the account, as well as additions and deductions due to operations during the fiscal year. The investment summary and investment detail reports show summary of all investments at cost and market value and the detail listing of all investments, respectively.

Nebraska Educational Savings Plan Trust<br>TD Ameritrade 529 College Savings Plan NOTES TO FINANCIAL STATEMENTS - CONTINUED

For the year ended December 31, 2012

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED
3. Security Valuation

Investments in the Underlying Funds are valued at the closing net asset or unit value per share of each Underling Fund on the day of valuation. The Plan calculates the net asset value of its shares based upon the net asset value of the applicable Underlying Funds, as of the close of the New York Stock Exchange (the Exchange), normally 4:00 P.M. Eastern time, on each day the Exchange is open for business. The net asset values of the Underlying Funds are determined as of the close of the Exchange, on each day the Exchange is open for trading.

## 4. Security Transactions and Investment Income

Security transactions are recorded on an average cost basis unless a client requests an alternative method on the trade date. Realized gain and losses on security transaction are determined on the cost basis on the disposition of assets. Dividend income is recorded on the ex-dividend date or upon ex-dividend notification.

## 5. Contributions, Withdrawals, and Distributions

Contributions by a participant are evidenced through the issuance of units in the particular Portfolio. Contributions to and withdrawals from the Portfolios are subject to terms and limitations defined in the Program Disclosure Statement and Participation Agreement between the participant and the Plan. Contributions received by the Program Manager before the close of trading on the New York Stock Exchange on any business day are credited to the account to which the contribution is made within one business day thereafter.

Withdrawals are based on the unit price calculated for each Portfolio on the business day on which the Program Manager processes the withdrawal request. The earnings portion (if any) of a non-qualified withdrawal will be treated as ordinary income to the recipient and may also be subject to an additional $10 \%$ federal tax, as well as partial recapture of any Nebraska state income tax deduction previously claimed.

For the year ended December 31, 2012

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

## 6. Plan Expenses and Fees

Expenses included in the accompanying financial statements reflect the expenses of the Plan. The Underlying Fund expenses are factored into the daily net asset value for each respective Underlying Fund. As such, each Portfolio indirectly bears its proportional share of the fees and expenses of the Underlying Funds in which it invests.

The plan expenses and fees are as follows:

- Initial management fees equal to $0.26 \%$ of the average daily net assets in each Investment Option up to $\$ 2.5$ billion in assets, after which the management fee is reduced to $0.25 \%$ up to $\$ 3.5$ billion in assets, and management fees are reduced to $0.24 \%$ for assets under management exceeding $\$ 3.5$ billion.
- Distribution fees equal to $0.19 \%$ of the average daily net assets in each Investment Option
- State administration fees equal to $0.03 \%$ of the average daily net assets in each Investment Option
- Underlying investment fees are a weighted average Underlying Fund expense ratio, which ranges from $0.50 \%$ to $1.45 \%$ of the average daily net assets in each Underlying Investment

These fees are accrued daily as a percentage of average daily net assets and will be deduction from each Investment Option. This fee will reduce the value of an account.

## 7. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of income and expenses during the reporting year. Actual results could differ from those estimates.

Nebraska Educational Savings Plan Trust
TD Ameritrade 529 College Savings Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
For the year ended December 31, 2012

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED
8. Income Taxes

The Program has been designed to comply with the requirements for treatment as a qualified tuition program under Section 529 of the Internal Revenue Code. Therefore, no federal income tax provision is required.

## NOTE B. INVESTMENTS AND INVESTMENT RISKS

All investments have some degree of risks. The value of the Plan's accounts may vary depending on market conditions, the performance of the investment options selected, timing of purchases, and fees. The value of the Plan's accounts could be more or less than the amount contributed to the accounts. The Plan's investments may lose money.

Investments in the Plan are not guaranteed or insured by the FDIC, the SIPC, the State of Nebraska, the Nebraska Investment Council, the Nebraska State Treasurer, First National Bank of Omaha or its authorized agents or their affiliates, TD Ameritrade or its authorized agents or its affiliates, or any other federal or state entity or person.

The Plan's Underlying Funds have the following risks:
Custodial Credit Risk - custodial credit risk is the risk that, in the event of a failure of the counterparty, the Plan will not be able to recover the value of its investments that are in the possession of the outside party.

Market risk - the risk that changes in market prices will reduce the fair value of an asset, increase the fair value of a liability, or adversely affect the cash flows of an expected transaction. Market risks primarily affects stocks, but also affects highyield bonds and, to a lesser extent, higher quality bonds.

# Nebraska Educational Savings Plan Trust <br> TD Ameritrade 529 College Savings Plan <br> NOTES TO FINANCIAL STATEMENTS - CONTINUED <br> For the year ended December 31, 2012 

NOTE C. FAIR VALUE MEASUREMENT

Accounting Standards Codification (ASC) 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and the lowest priority to measurements involving significant unobservable inputs (Level III measurements).

The three levels of the fair value hierarchy are as follows:
Level I - inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Organization has the ability to access at the measurement date.

Level II - inputs are inputs other than quoted prices included within Level I that are observable for the asset or liability, either directly or indirectly.

Level III - inputs are unobservable inputs for the asset or liability.
The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Nebraska Educational Savings Plan Trust TD Ameritrade 529 College Savings Plan NOTES TO FINANCIAL STATEMENTS - CONTINUED

For the year ended December 31, 2012

## NOTE C. FAIR VALUE MEASUREMENT - CONTINUED

The following table presents assets that are measured at fair value on a recurring basis at December 31, 2012:

| Money Market | Fair Value |  | Level I |  | Level II |  | Level III |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |

| Funds |  | 222,351,468 |  | 141,606,740 |  | 80,744,728 |  | - |
| U.S. Real Estate |  |  |  |  |  |  |  |  |
| Mutual Funds |  | 26,027,581 |  | 26,027,581 |  | - |  | - |
| International Equity |  |  |  |  |  |  |  |  |
| Mutual Funds |  | 82,094,516 |  | 11,212,742 |  | 70,881,774 |  | - |
| Fixed Income Mutual |  |  |  |  |  |  |  |  |
| Funds |  | 128,999,235 |  | 128,999,235 |  | - |  | - |
| Fixed Income Mutual |  |  |  |  |  |  |  |  |
| Funds TIPS |  | 27,524,870 |  | 27,524,870 |  | - |  | - |
|  | \$ | 531,397,622 | \$ | 335,371,168 | \$ | 196,026,453 | \$ | - |

To value Level I investments: The fair value of Level I investments are determined by obtaining quoted market prices on nationally recognized securities exchanges.

To value Level II investments: Quoted prices for identical or similar assets or liabilities in markets that are not active. The fair value of Level II investments are determined based on quoted prices that were obtained directly from the fund companies through confirmations.

## NOTE D. SUBSEQUENT EVENTS

As of August 29, 2013, the date the financial statements were available to be issued, TD Ameritrade 529 College Savings Plan did not have any subsequent events affecting the amounts reported in the financial statements for the year ended December 31, 2012 or which are required to be disclosed in the notes to the financial statements for the year then ended.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROLS OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Trustee, Program Manager, Processor, Investment Manager, and Participants and Beneficiaries of the TD Ameritrade 529 College Savings Plan

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the statements of net position available for benefits of the TD Ameritrade 529 College Savings Plan as of and for the year ended December 31, 2012, and the related statement of changes in net position available for benefits, the investment summary and investment detail, and the related notes to the financial statements, which collectively comprise the TD Ameritrade 529 College Savings Plan's basic financial statements, and have issued our report thereon dated August 29, 2013.

## Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered TD Ameritrade 529 College Savings Plan's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of TD Ameritrade 529 College Savings Plan’s internal control. Accordingly, we do not express an opinion on the effectiveness of TD Ameritrade 529 College Savings Plan’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether TD Ameritrade 529 College Savings Plan’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## Static Portfolios

Our four Static Portfolios give you more control over how your savings are invested. That's because unlike investing in our Enrollment-Based Portfolios, you choose the Static Portfolio, or Portfolios, you'd like to invest in. And since our Static Portfolios do not automatically invest more conservatively over time, you can change your portfolio selections as your needs change.

## Growth Portfolio

All assets within this portfolio are invested in equity funds. It is most appropriate for investors with a long investment time horizon and a high risk tolerance.

## Moderate Growth Portfolio

This portfolio provides a mix of equity and fixed income investments. It is most appropriate for investors with a medium to long investment time horizon and moderate risk tolerance.

## Balanced Portfolio

This portfolio provides a more conservative mix of equity and fixed income investments. Investors with a short to medium time horizon and a lower risk tolerance may prefer this option.

## Money Market Portfolio

This portfolio invests to seek current income and protection of principal. It is most appropriate for investors with a short investment time horizon and a low risk tolerance.

## INDEPENDENT AUDITOR’S REPORT

To the Trustee, Program Manager, Investment Manager, and
Participants and Beneficiaries of the Nebraska Educational Savings Plan Trust

## Report on the Financial Statements

We have audited the accompanying statements of net position, including the schedules of investments, of the portfolios of the State Farm College Savings Plan (the Plan), which is part of the Nebraska Educational Savings Plan Trust (the Trust), as listed in the table of contents as at December 31, 2012 and the related statements of operations, changes in net position, financial highlights, and the related notes to the financial statements, which collectively comprise the Plan's basic financial statements as listed in the table of contents. The NEST College Savings Plans and the TD Ameritrade 529 College Savings Plan are separate classes of accounts in the Plan and are not included in the accompanying financial statements.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial
statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Opinion

In our opinion, the financial statements, including the schedules of investments, and the financial highlights, referred to above present fairly, in all material respects, the respective financial position of each of the portfolio of the State Farm Nebraska College Savings Plan, as of December 31, 2012 and the respective changes in operations, changes in net position, and changes in its financial highlights for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Other Matter

As discussed in Note A, the financial statements present only the State Farm College Savings Plan, and are not intended to present fairly the financial position of the Nebraska Educational Savings Plan Trust as a whole and the results of its operations in conformity with accounting principles generally accepted in the United States of America.

## Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated June 21, 2013 on our consideration of the State Farm Nebraska College Savings Plan’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering The State Farm Nebraska College Savings Plan's internal control over financial reporting and compliance.

# State Farm Nebraska College Savings Plan <br> NOTES TO THE FINANCIAL STATEMENTS 

For the year ended December 31, 2012

## (1) Summary of Significant Accounting Policies

## Organization

The State Farm College Savings Plan (the Plan) is a qualified tuition plan pursuant to Section 529 of the Internal Revenue Code of 1986, as amended. The Plan is a separate series of the Nebraska Educational Savings Plan Trust (the Trust), which was created by the Nebraska legislature and which allows persons participating in the Plan to make cash contributions on behalf of a designated beneficiary for purposes of saving for college and other higher education expenses. The Trust is comprised of three funds: the Expense Fund, the Administrative Fund, and the Program Fund. The Plan is a series of the Program Fund of the Trust. The Nebraska Educational Savings Trust Advisor College Savings Plan (NEST) is a separate class of accounts in the Plan and is not included in the accompanying financial statements. The TD Ameritrade 529 College Savings Plan is a separate class of accounts in the NEST and it is not included in the accompanying financial statements. The Expense Fund and the Administrative Fund are also not included in the accompanying financial statements.

The Plan is managed and administered by: The Nebraska State Treasurer; First National Bank of Omaha and Trust Company (the Program Manager); and OFI Private Investments Inc. (OFIPI). The Program Manager provides assistance with respect to implementation, maintenance, administration, and marketing of the Trust, and OFIPI invests the assets of the Plan at the discretion of the Nebraska State Treasurer. The Plan is distributed by OppenheimerFunds Distributor, Inc. (the Distributor), and sold by State Farm VP Management Corp. OFIPI, together with the Distributor, provides recordkeeping services for the Plan.

The Plan is comprised of nine portfolios: 13+ Years to College Portfolio, 7-12 Years to College Portfolio, 4-6 Years to College Portfolio, 1-3 Years to College Portfolio, College Now Portfolio, Growth Portfolio, Moderate Growth Portfolio, Balanced Portfolio, and Money Market Portfolio (individually or collectively known as the Portfolios). The Portfolios are offered in two share classes: Class A and Class B. All classes of shares have identical rights to earnings and assets, except for class-specific expenses.

# State Farm Nebraska College Savings Plan <br> NOTES TO THE FINANCIAL STATEMENTS - CONTINUED <br> For the year ended December 31, 2012 

## (1) Summary of Significant Accounting Policies - Continued

## Plan Objectives

Each Portfolio invests substantially all assets in a combination of registered mutual funds managed by OppenheimerFunds Inc. (OFI or OppenheimerFunds), Federated Asset Management Company, and State Farm Investment Management Corp. These underlying investments are: Oppenheimer Capital Appreciation Fund, Oppenheimer Value Fund, Oppenheimer Main Street Small- \& Mid- Cap Fund®, Oppenheimer International Growth Fund, Oppenheimer Developing Markets Fund, Oppenheimer Global Strategic Income Fund, Federated U.S. Government Securities Fund: 1-3 Years, State Farm Bond Fund, and Oppenheimer Institutional Money Market Fund. The mutual funds are diversified management investment companies registered under the Investment Company Act of 1940, as amended. The mutual funds are individually and collectively referred to as Underlying Investments.

## Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. The financial statements include the statements of net position, statements of operations, and statements of changes in net position for the Plan. The statement of net position is a measure of the account's assets and liabilities at the close of the fiscal year. The statement of operations is a measure of the total income, expense, and gain or loss for the fiscal year. The statement of changes in net position shows purchases to and redemptions from the account, as well as additions and deductions due to operations during the fiscal year.

## Securities Valuation

The Plan calculates the net asset value of its shares based upon the net asset value of the applicable Underlying Investments, as of the close of the New York Stock Exchange (the Exchange), normally 4:00 P.M. Eastern Time, on each day the Exchange is open for business. The net asset values of the Underlying Investments are determined as of the close of the Exchange, on each day the Exchange is open for trading.

# State Farm Nebraska College Savings Plan <br> NOTES TO THE FINANCIAL STATEMENTS - CONTINUED <br> For the year ended December 31, 2012 

## (1) Summary of Significant Accounting Policies - Continued

## Securities Transactions

Securities transactions are recorded on the trade date. Realized gains and losses on securities sold are determined on the high-cost method.

## Investment Income and Dividends

Dividend income is recorded on the ex-dividend date or upon ex-dividend notification. Interest income is accrued as earned. Income and capital gain distributions from the Underlying Investments are recorded on the ex-dividend date. Dividends from income are included in investment income and capital gain distributions are included in net realized gain/loss.

## Allocation of Income, Expenses, Gains, and Losses

Each Portfolio's income, expenses (other than those attributable to a specific class), gains and losses are allocated on a daily basis to each class of shares based upon the relative proportion of net position represented by such class. Operating expenses directly attributable to a specific class are charged against the operations of that class.

## Contributions, Withdrawals, and Distributions

Contributions and withdrawals are recorded at the share value determined on the valuation date following receipt of notice of the contribution or withdrawal. Contributions and withdrawals are subject to sufficient advance notifications as outlined in the Service Agreement. The Plan’s share values (net asset values) are determined daily. Net investment income is retained and reflected in the net asset value of the Plan.

## Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

# State Farm Nebraska College Savings Plan <br> NOTES TO THE FINANCIAL STATEMENTS - CONTINUED 

For the year ended December 31, 2012

## (2) Related-Party Information and Fees

## Expenses and Fees

The Plan bears a state administrative fee at an annual rate of $0.05 \%$ of the average daily net assets of the Plan which is paid to the Nebraska State Treasurer on a monthly basis for administering and marketing the Plan and the Trust. Additionally, there is a $0.17 \%$ management fee, of which, OFIPI receives $0.15 \%$ and the Program Manager receives $0.02 \%$.

The Distributor receives an Annual Asset-Based Charge of $0.25 \%$ of the average daily net assets of the Plan for Class A shares (except the Money Market Portfolio), and $1.00 \%$ of the daily average net assets of the Plan for Class B shares (except the Money Market Portfolio). There are also indirect fees and expenses of the Underlying Investments in which the Plan invests.

OFIPI has voluntarily undertaken to waive fees to the extent necessary to assist the Money Market Portfolio in attempting to maintain a positive yield. During the year ended December 31, 2012, OFIPI waived $\$ 4,237$ for the Money Market Portfolio. There is no guarantee that the Money Market Portfolio will maintain a positive yield. This undertaking may be amended or withdrawn at any time

## Sales Charges

Front-end sales charges and contingent deferred sales charges (CDSC) do not represent expenses of the Portfolios. They are deducted from the proceeds of sales of Portfolio shares prior to investment or from redemption proceeds prior to remittance, as applicable. Class A shares include a maximum initial sales charge of $5.5 \%$. Class B shares include a maximum CDSC of $5 \%$ and are only available to participants who held class B shares prior to November 3, 2008.

## (3) Income Taxes

The Plan was established for the Trust, which provides that the Plan shall be exempt from income taxes. Therefore, no federal income tax provision is required.

# State Farm Nebraska College Savings Plan <br> NOTES TO THE FINANCIAL STATEMENTS - CONTINUED 

For the year ended December 31, 2012

## (4) Main Risks of Investing in the Plan

All investments have some degree of risk. The value of the Plan's shares fluctuates as the value of the Plan's investments changes, and may decline. The value of the Plan's investments may change because of broad changes in the markets in which the Plan invests or from more specific factors like those described below. There is also the risk that poor security selection could cause the Portfolio to underperform other funds with similar objectives. When you redeem your shares, they may be worth more or less than what you paid for them. These risks mean that you can lose money by investing in the Plan.

The following summarizes the main risks that the Plan is subject to based on its investments in the Underlying Investments.

## Risks of investing in the Underlying Investments

The Underlying Investments in which the Plan invests have their own investment risks, and those risks can affect the value of the Plan's investments and therefore the value of the Plan's shares. The Underlying Investments will pursue their own investment objectives and policies without the approval of the Plan. If an Underlying Investment were to change its investment objective or policies, the Plan may be forced to sell its shares of the Underlying Investment at a disadvantageous time. There is no guarantee the Underlying Investment will achieve its investment objective.

The Enrollment Handbook provides greater detail about the investment policies and practices of the Plan. Additional information about certain Underlying Investment's investment strategies and risks is contained in the Underlying Investment's Prospectus and Statement of Additional Information. The prospectus and Statement of Additional Information of the Underlying Investment is available without charge upon request. Certain Underlying Investment documents can also be downloaded on the OppenheimerFunds website at www.oppenheimerfunds.com.

# State Farm Nebraska College Savings Plan <br> NOTES TO THE FINANCIAL STATEMENTS - CONTINUED 

For the year ended December 31, 2012

## (4) Main Risks of Investing in the Plan - Continued

## Risks of Foreign Investing

The Underlying Investment may invest in securities of foreign issuers that are traded in U.S. or foreign markets. While foreign securities may offer special investment opportunities, they are also subject to special risks. Foreign issuers are usually not subject to the same accounting and disclosure requirements as U.S. companies are subject to, which may make it difficult to evaluate a foreign company's operations or financial condition. A change in value of a foreign currency against the U.S. dollar will result in a change in the U.S. dollar value of securities denominated in that foreign currency and of any income or distributions the Plan may receive on those securities. Additionally, the value of foreign investments may be affected by exchange control regulations, expropriation or nationalization of a company's assets, foreign taxes, higher transaction and other costs, delays in settlement of transactions, changes in economic or monetary policy in the U.S. or abroad, or other political and economic factors.

If an Underlying Investment invests a significant amount of its assets in foreign securities, it may be exposed to "time-zone arbitrage" attempts by investors seeking to take advantage of differences in the values of foreign securities that might result from events that occur after the close of the foreign securities market on which a security is traded and before the close of the New York Stock Exchange (the "NYSE") that day, when the Underlying Investment's net asset value is calculated. If such time-zone arbitrage were successful, it might dilute the interests of other shareholders. However, the Underlying Investment's use of "fair value pricing" under certain circumstances, to adjust the closing market prices of foreign securities to reflect what OppenheimerFunds believes to be their fair value, may help deter those activities.

## Market Risks

The value of the securities in which an Underlying Investment invests may be affected by changes in the securities markets. Securities markets may experience great short-term volatility and may fall sharply at times. Different markets may behave differently from each other and U.S. markets may move in the opposite direction from one or more foreign markets.

# State Farm Nebraska College Savings Plan <br> NOTES TO THE FINANCIAL STATEMENTS - CONTINUED <br> For the year ended December 31, 2012 

## (4) Main Risks of Investing in the Plan - Continued

## Main Risks of Investing in Equity Securities

Stocks and other equity securities held by an Underlying Investment fluctuate in price in response to changes in equity markets in general, and their short-term volatility at times may be great. The prices of individual equity securities do not all move in the same direction uniformly or at the same time; for example, "growth" stocks may perform well under circumstances in which "value" stocks in general have fallen. Different stock markets may behave differently from each other. Other factors may affect the price of a particular company's securities. Those factors include poor earnings reports, loss of customers, litigation, or changes in regulations affecting the company or its industry. To the extent that an Underlying Investment emphasizes mid-sized companies, growth or value stocks, or stocks of companies in a particular industry, its share value may fluctuate in response to events affecting the market for those types of securities.

## Main Risks of Investing in Fixed-Income Securities

Fixed-income securities (also referred to as "debt securities") held by an Underlying Investment may be subject to credit risk, interest rate risk, and prepayment risk. Credit risk is the risk that the issuer of a security might not make interest and principal payments on the security as they become due. If an issuer fails to pay interest or to repay principal, the Underlying Investment's income or share value might be reduced. A downgrade in an issuer's credit rating or other adverse news about an issuer can reduce the market value of that issuer's securities. The value of debt securities are also subject to change when prevailing interest rates fall, the values of already-issued debt securities generally rise. When prevailing interest rates rise, the values of already-issued debt securities generally fall, and they may sell at a discount from their face amount from the amount the Underlying Investment paid for them. The magnitude of these fluctuations will usually be greater for longer-term debt securities than shorter-term debt securities.

When interest rates fall, the issuers of debt securities may prepay principal more quickly than expected and the Underlying Investment may be required to reinvest the proceeds at a lower interest rate.

## (5) Capital Share Transactions

The Portfolios have authorized an unlimited number of no par values of capital share transactions. Transactions are as follows:

# State Farm Nebraska College Savings Plan <br> NOTES TO THE FINANCIAL STATEMENTS - CONTINUED <br> For the year ended December 31, 2012 

## (7) Fair Value Measurement

Each investment asset or liability of the Plan is assigned a level at measurement date based on the significance and source of the inputs to its valuation. Unadjusted quoted prices in active markets for identical assets or liabilities are classified as "Level 1", observable market inputs other than unadjusted quoted prices are classified as "Level 2", and significant unobservable inputs, including OppenheimerFunds’ judgment about the assumptions that a market participant would use in pricing an asset or liability are classified as "Level 3." The inputs used for valuing assets and liabilities are not necessarily an indication of the risks associated with investing in those assets or liabilities.

The Plan classifies each of its investments in the registered Mutual Funds as Level 1, without consideration as to the classification level of the specific investments held by the Underlying Investments.

Fair values of assets measured on a recurring basis that are included in the Fund's Statement of Asset and Liabilities as of December 31, 2012 based on valuation input level:

Assets Table
Investments, at Fair Value: Money Market
Fixed Income
Equity
Total assets

Level 2 Other significant
Observable Inputs

Level 3
Significant

| Unobservable |
| :---: |
| Inputs | Fair Value

| ---: | :--- | :--- | :--- | :--- | :--- | :--- |
| $46,780,098$ |  |  |  |  |  |  |
| $211,061,877$ |  |  |  |  |  |  |
|  |  | $\$$ | - | $\$$ | - |  |

## (8) Pending Litigation

Since 2009, a number of class action lawsuits have been pending in federal courts against OFI, OFDI and certain Oppenheimer mutual funds formerly advised and currently sub-advised by OFI and distributed by OFDI (the "Defendant Funds"). Several of these lawsuits also name as defendants certain officers and current and former trustees of the respective Defendant Funds. The lawsuits raise claims under federal securities law and allege, among other things, that the disclosure documents of the respective Defendant Funds contained misrepresentations and omissions and that the respective Defendant Funds’ investment policies were not followed.

## (8) Pending Litigation - Continued

The plaintiffs in these actions seek unspecified damages, equitable relief and awards of attorneys' fees and litigation expenses. The Defendant Funds’ Boards of Trustees have also engaged counsel to represent the Funds and the present and former Independent Trustees named in those suits.

Other class action and individual lawsuits have been filed since 2008 in various state and federal courts against OFI and certain of its affiliates by investors seeking to recover investments they allegedly lost as a result of the "Ponzi" scheme run by Bernard L. Madoff and his firm, Bernard L. Madoff Investment Securities, LLC ("BLMIS"). Plaintiffs in these suits allege that they suffered losses as a result of their investments in several funds managed by an affiliate of OFI and assert a variety of claims, including breach of fiduciary duty, fraud, negligent misrepresentation, unjust enrichment, and violation of federal and state securities laws and regulations, among others. They seek unspecified damages, equitable relief and awards of attorneys' fees and litigation expenses. Neither OFDI, nor any of the Oppenheimer mutual funds, their independent trustees or directors are named as defendants in these lawsuits. None of the Oppenheimer mutual funds invested in any funds or accounts managed by Madoff or BLMIS. On February 28, 2011, a stipulation of partial settlement of three groups of consolidated putative class action lawsuits relating to these matters was filed in the U.S. District Court for the Southern District of New York. On August 19, 2011, the court entered an order and final judgment approving the settlement as fair, reasonable and adequate. In September 2011, certain parties filed notices of appeal from the court's order approving the settlement. The aforementioned settlement does not resolve other outstanding lawsuits against the Manager and its affiliates relating to BLMIS.

On April 16, 2010, a lawsuit was filed in New York state court against OFI, an affiliate of OFI and AAArdvark IV Funding Limited ("AAArdvark IV"), an entity advised by OFI's affiliate, in connection with investments made by the plaintiffs in AAArdvark IV. Plaintiffs allege breach of contract against the defendants and seek compensatory damages, costs and disbursements, including attorney fees. On July 15, 2011, a lawsuit was filed in New York state court against OFI, an affiliate of OFI and AAArdvark Funding Limited ("AAArdvark I"), an entity advised by OFI's affiliate, in connection with investments made by the plaintiffs in AAArdvark I. The complaint alleges breach of contract against the defendants and seeks compensatory damages, costs and disbursements, including attorney fees. On November 9, 2011, a lawsuit was filed in New York state court against OFI, an affiliate of OFI and AAArdvark XS Funding Limited ("AAArdvark XS"), an entity advised by OFI's affiliate, in connection with investments made by the plaintiffs in AAArdvark XS. The complaint alleges breach of contract against the defendants and seeks compensatory damages, costs and disbursements, including attorney fees.

# State Farm Nebraska College Savings Plan <br> NOTES TO THE FINANCIAL STATEMENTS - CONTINUED <br> For the year ended December 31, 2012 

## (8) Pending Litigation - Continued

OFI believes the lawsuits and appeals described above are without legal merit and, with the exception of actions it has settled, is defending against them vigorously. While it is premature to render any opinion as to the outcome in these lawsuits, or whether any costs that the Defendant Funds may bear in defending the suits might not be reimbursed by insurance, OFI believes that these suits should not impair the ability of OFI or OFDI to perform their respective duties to the Fund, and that the outcome of all of the suits together should not have any material effect on the operations of any of the Oppenheimer mutual funds.

# INDEPENDENT AUDITOR'S REPORT OF INTERNAL CONTROLS OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS 

To the Trustee, Program Manager, Investment Manager, and
Participants and Beneficiaries of the Nebraska Educational Savings Plan Trust
We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the statements of net position, including the schedules of investments of State Farm Nebraska College Savings Plan as of and for the year ended December 31, 2012, and the related statements of operations, changes in net position, financial highlight, and the related notes to the financial statements, which collectively comprise the State Farm Nebraska College Savings Plan’s basic financial statements, and have issued our report thereon dated June 27, 2013.

## Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered State Farm Nebraska College Savings Plan’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of State Farm Nebraska College Savings Plan’s internal control. Accordingly, we do not express an opinion on the effectiveness of State Farm Nebraska College Savings Plan's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether State Farm Nebraska College Savings Plan's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

* Each benchmark is not managed. Therefore, its performance does not reflect management fees, expenses or the imposition of sales charges.
* Since Inception Returns for less than one year are not annualized.
" Investments in the Goldman Sachs Prime Money Market Individual Option are not insured or guaranteed by the Federal Deposit Insurance Corporation or any governmental agency. Although this Option seeks to preserve the value of your investment of $\$ 1.00$ per share, it is possible to lose money by investing in this option.

The performance data shown represents past performance. Past performance - especially short-term performance - is not a guarantee of future results. Performance information is current as of the most recent timeframe reference above and is net of the weighted average operating expense ratio of the underlying fund, program management fee and state administrative fee. Investment returns and principal value will fluctuate, so that investors' units, when sold, may be worth more or less than their original cost. Current performance may be lower or higher than the performance data cited.

The NEST Direct Plan is sponsored by the State of Nebraska and administered by the Nebraska State Treasurer. The NEST Direct Plan offers a series of investment portfolios within the Nebraska Educational Savings Plan Trust, which offers other investment portfolios not affiliated with the NEST Direct Plan. The NEST Direct Plan is intended to operate as a qualified tuition program to be used only to save for qualified higher education expenses, pursuant to Section 529 of the U.S. Internal Revenue Code.

Investors should consider the Plan's investment objectives, risks, charges and expenses before investing. The Program Disclosure Statement, which contains more information, should be read carefully before investing.

Investors should consider before investing whether their or their beneficiary's home state offers any state tax or other benefits that are only available for investments in such state's qualified tuition program and should consult their tax advisor, attorney and/or other advisor regarding their specific legal, investment or tax situation.

This material is provided for general and educational purposes only, and is not intended to provide legal, tax or investment advice, or for use to avoid penalties that may be imposed under U.S. federal tax laws. This material is not an offer to sell or a solicitation of an offer to buy any securities. Any offer to sell units within the Plan may only be made by the Program Disclosure Statement and Participation Agreement relating to the Plan.

Participation in the Plan does not guarantee that contributions and the investment return on contributions, if any, will be adequate to cover future tuition and other higher education expenses, or that a beneficiary will be admitted to or permitted to continue to attend an eligible educational institution.

Except for the Bank Savings Individual Investment Option, investments in the NEST Direct Plan are not guaranteed or insured by the FDIC or any other government agency and are not deposits or other obligations of any depository institution. Investments are not guaranteed or insured by the State of Nebraska, the Nebraska State Treasurer, the Nebraska Investment Council or First National Bank of Omaha or its authorized agents or their affiliates, and are subject to investment risks, including the loss of the principal amount invested.

Nebraska Educational Savings Plan Trust Issuer
Nebraska State Treasurer Trustee
Nebraska Investment Council Investment Oversight
First National Bank of Omaha Program Manager

${ }^{1}$ Each benchmark is not managed. Therefore, its performance does not reflect management fees, expenses or the imposition of front-end sales loads or contingent deferred sales charges.
${ }^{2}$ Since Inception Returns for less than one year are not annualized.
${ }^{3}$ Total Returns with Maximum Sales Charges include a maximum-up-front sales load of 3.50\% available for accounts opened prior to 12/17/2010.
${ }^{4}$ Total Returns with Maximum Sales Charges include a maximum up-front sales load of $4.75 \%$ for accounts opened after 12/17/2010.
${ }^{5}$ Total Returns without Sales Charges do not include sales charge or contingent deferred sales charge (CDSC). Total Returns with Maximum Sales Charges for Class $C$ units reflect the applicable contingent deferred sales charge of $1 \%$ through the first year.
${ }^{6}$ Investments in the Goldman Sachs Prime Money Market Individual Investment Option are neither insured nor guaranteed by the Federal Deposit Insurance Corporation or any governmental agency. Although this Option seeks to preserve the value of your investment of $\$ 1.00$ per share, it is possible to lose money by investing in this Option.

The performance data shown represents past performance. Past performance - especially short-term performance - is not a guarantee of future results. Performance information is current as of the most recent timeframe referenced above and is net of the weighted average operating expense ratio of the underlying fund, program management fee, state administrative fee and the distribution and marketing fee. Investment returns and principal value will fluctuate, so that investors' units, when sold, may be worth more or less than their original cost. Current performance may be lower or higher than the performance data cited.

The NEST Advisor Plan is sponsored by the State of Nebraska and administered by the Nebraska State Treasurer. The NEST Advisor Plan offers a series of investment portfolios within the Nebraska Educational Savings Plan Trust, which offers other investment portfolios not affiliated with the NEST Advisor Plan. The NEST Advisor Plan is intended to operate as a qualified tuition program to be used only to save for qualified higher education expenses, pursuant to Section 529 of the U.S. Internal Revenue Code.

An investor should consider the Plan's investment objectives, risks, charges and expenses before investing. The Program Disclosure Statement, which contains more information, should be read carefully before investing.

Investors should consider before investing whether their or their beneficiary's home state offers any state tax or other benefits that are only available for investments in such state's qualified tuition program and should consult their tax advisor, attorney and/or other advisor regarding their specific legal, investment or tax situation.

This material is provided for general and educational purposes only, and is not intended to provide legal, tax or investment advice, or for use to avoid penalties that may be imposed under U.S. federal tax laws. This material is not an offer to sell or a solicitation of an offer to buy any securities. Any offer to sell units within the Plan may only be made by the Program Disclosure Statement and Participation Agreement relating to the Plan. Participation in the Plan does not guarantee that contributions and the investment return on contributions, if any, will be adequate to cover future tuition and other higher education expenses, or that a beneficiary will be admitted to or permitted to continue to attend an eligible educational institution.

Except for the Bank Savings Individual Investment Option, investments in the NEST Advisor Plan are not guaranteed or insured by the FDIC or any other government agency; are not deposits or other obligations of any depository institution. Investments are not guaranteed or insured by the State of Nebraska, the Nebraska State Treasurer, the Nebraska Investment Council or First National Bank of Omaha or its authorized agents or their affiliates, and are subject to investment risks, including the loss of principal amount invested.

Nebraska Educational Savings Plan Trust Issuer
Nebraska State Treasurer Trustee

${ }^{1}$ Each benchmark is not managed. Therefore, its performance does not reflect management fees, expenses or the imposition of sales charges.
${ }^{2}$ Since Inception Returns for less than one year are not annualized.
${ }^{3}$ Expense ratio information includes the weighted average operating expense ratio, the Program Management Fee, the TD Ameritrade Distribution Fee and the State Administration Fee.
${ }^{4}$ Investments in the Goldman Sachs Prime Money Market Individual Option are not insured or guaranteed by the Federal Deposit Insurance Corporation or any governmental agency. Although this Option seeks to preserve the value of your investment of $\$ 1.00$ per share, it is possible to lose money by investing in this option.

The performance data shown represents past performance. Past performance - especially short-term performance - is not a guarantee of future results. Performance information is current as of the most recent timeframe referenced above and is net of the weighted average operating expense ratio of the underlying fund, program management fee, state administrative fee and the TD Ameritrade distribution fee. Investment returns and principal value will fluctuate, so that investors' units, when sold, may be worth more or less than their original cost. Current performance may be lower or higher than the performance data cited.

The TD Ameritrade 529 College Savings Plan (the "Plan") is sponsored by the State of Nebraska and administered by the Nebraska State Treasurer. The Plan offers a series of investment portfolios within the Nebraska Educational Savings Plan Trust, which offers other investment portfolios not affiliated with the TD Ameritrade 529 College Savings Plan. The Plan is intended to operate as a qualified tuition program to be used only to save for qualified higher education expenses, pursuant to Section 529 of the U.S. Internal Revenue Code.

Investors should consider the plan's investment objectives, risks, charges and expenses before investing. The TD Ameritrade 529 College Savings Plan Program Disclosure Statement contains more information and should be read carefully before investing. For more information on the TD Ameritrade 529 College Savings Plan, please call 877.408.4644 or contact your financial advisor.

Investors should consider before investing whether their beneficiary's home state offers any state tax or other benefits that are only available for investments in such state's qualified tuition program and should consult their tax advisor, attorney and/or other advisor regarding their specific legal, investment or tax situation.

This material is provided for general and educational purposes only, and is not intended to provide legal, tax or investment advice, or for use to avoid penalties that may be imposed under U.S. federal tax laws. This material is not an offer to sell or a solicitation of an offer to buy any securities. Any offer to sell units within the Plan may only be made by the Program Disclosure Statement and Participation Agreement relating to the Plan.

Participation in the Plan does not guarantee that contributions and the investment return on contributions, if any, will be adequate to cover future tuition and other higher education expenses, or that a beneficiary will be admitted to or permitted to continue to attend an eligible educational institution.

Investments in the TD Ameritrade 529 College Savings Plan are not guaranteed or insured by the FDIC, SIPC or any other government agency and are not deposits or other obligations of any depository institution. Investments are not guaranteed or insured by the State of Nebraska, the Nebraska State Treasurer, the Nebraska Investment Council, First National Bank of Omaha or its authorized agents or their affiliates, or TD Ameritrade or its authorized agents or its affiliates, and are subject to investment risks, including the loss of the principal amount invested. TD Ameritrade and Nebraska Educational Savings Plan Trust are separate and unaffiliated and are not responsible for each other's services or policies.

Nebraska Educational Savings Plan Trust Issuer
Nebraska State Treasurer Trustee
Nebraska Investment Council Investment Oversight
First National Bank of Omaha Program Manager
TD Ameritrade, Inc. Distributor, Member FINRA, Member SIPC, Member NFA

## Investments Are Not FDIC Insured | No Bank, State or Federal Guarantee | May Lose Value

The performance data quoted represents past performance, which does not guarantee future results. The investment return and principal value of an investment will fluctuate so that an investor's units, when redeemed, may be worth more or less than the original cost. Current performance may be lower or higher than the performance quoted. For performance data current to the most recent month-end, visit us at www.statefarm.com or call us at 1.800.447.4930.

1. Performance is based on net asset value and does not take into account any applicable sales charges. If sales charges were deducted, performance would be lower. 2. Benchmark returns for the period Since Inception began on November 3, 2008 for all Portfolios. Returns shown for Portfolios with less than a full year of operations are cumulative, not annualized returns.

The Custom Benchmarks for The State Farm College Savings Plan are based on a blend of the benchmarks applicable to each Underlying Fund category: for the Oppenheimer Capital Appreciation Fund, the Russell 1000 Growth Index; for the Oppenheimer Value Fund, the Russell 1000 Value Index; for the Oppenheimer Main Street Small- \& Mid- Cap Fund, the Russell 2500 Index; for the Oppenheimer International Growth Fund, the Morgan Stanley Capital International All Country World ex-U.S. Index; for the Oppenheimer Developing Markets Fund, the Morgan Stanley Capital International Inc. Emerging Markets (MSCI EM ND) Index Net of Dividends; for State Farm Bond Fund and the Oppenheimer Global Strategic Income Fund, the Barclays Capital US Aggregate Bond Index; for Federated U.S. Government Securities Fund: 1-3 Years, the Merrill Lynch U.S. Treasuries 1-3 Year Index; for Oppenheimer Institutional Money Market Fund, the iMoney Net First Tier Institutional Index. Investors cannot directly invest either in individual benchmark indices or combinations thereof.

The State Farm College Savings Plan (the "Plan") is sponsored by the State of Nebraska and administered by the Nebraska State Treasurer. The Plan is established in cooperation with State Farm VP Management Corp. ("State Farm"), the State of Nebraska, and OFI Private Investments Inc. ("OFIPI"), pursuant to which State Farm offers classes of shares in a series of accounts within the Nebraska Educational Savings Plan Trust (the "Trust" and Issuer) that are distributed by OppenheimerFunds Distributor, Inc. ("OFDI" and together with OFIPI, "Oppenheimer"). The Trust offers other accounts that are not affiliated with the plan.
The Nebraska State Treasurer serves as trustee of the Plan; OFIPI serves as the investment manager, with the oversight of the Nebraska Investment Council, and servicing agent; OFDI serves as the distributor; First National Bank of Omaha serves as the program manager. State Farm does not provide investment management services for the Plan.
The information presented in this document does not constitute investment, legal, or tax advice. Please consult your legal and/or tax advisor for specific information about your situation.
Participation in the Plan does not guarantee that contributions and the investment return on contributions, if any, will be adequate to cover future tuition and other higher education expenses, or that a beneficiary will be admitted to or permitted to continue to attend an eligible educational institution.
Returns on contributors' investments in the Plan are not insured or guaranteed by the State of Nebraska, the State Treasurer, the Council, First National Bank of Omaha, Oppenheimer or State Farm or any of their respective affiliates, directors, officers, or agents. Contributors to the Plan assume all investment risk, including the potential loss of principal and liability for penalties such as those levied for non-educational withdrawals.
None of the State of Nebraska, First National Bank of Omaha, the State Treasurer, the Council, Oppenheimer or State Farm or any of their respective affiliates, directors, officers, or agents shall have any debt or obligation to any contributor, beneficiary, or any other person as a result of the establishment of the Plan, and none of these entities assume any risk or liability for money invested in the Plan.
OppenheimerFunds Distributor, Inc. is a member of SIPC. You may obtain information about SIPC, including the SIPC brochure, by contacting SIPC at 202.371.8300, or online at www.sipc.org.

What is NEST?
NEST (Nebraska Educational Savings Trust) is Nebraska's 529 college savings plan. 529 college savings plans are investment accounts designed to help families save for higher education at almost any school including 2 - to 4 -year colleges, community colleges, graduate programs, or secondary trade and vocational schools. These schools can be in the United States and abroad, not just in Nebraska.
What does it cover?
Funds from a 529 plan cover qualified higher education expenses including tuition, books, fees and room and board.

Do I get a state tax deduction?
Yes. In Nebraska, residents are able to deduct up to $\$ 5000$ of their contributions on their Nebraska state income tax return.
Earnings in a NEST account are tax deferred from income taxes while in the account and tax free when withdrawn for qualified higher education expenses.

Is there a minimum I need to invest? NEST requires no minimum amount, so contribute as much as you can. We have monthly automatic contribution options and investment choices that make investing easy.
How do I sign up? Go to NEST529Direct.com for easy online enrollment that takes 10 minutes or less.

To be ready for your child's higher education, enrolling in NESTNebraska's 529 College Savings Plan-is the perfect game plan. Sign up in minutes, and choose how you want to save and the type of investments you want from a variety of carefully selected Investment Options. Learn more and enroll at NEST529.com/bigred.

An investor should consider the investment objectives, risks, and charges and expenses before investing. Carefully read the Program Disclosure Statement, which contains more information, at www.NEST529Direct.com before investing.

An investor should consider before investing whether the investor's or designated beneficiary's home state offers any state tax or other benefits that are only available for investment in such state's qualified tuition program.
Participation in the Plan does not guarantee that contributions and the investment return on contributions, if any, will be adequate to cover tuition and other higher education expenses, or that a beneficiary will be admitted to or permitted to continue to attend an eligible educational institution.
