

## Empowering Students to Build Sound Financial Futures

*Vault - Understanding Money™* is an interactive course designed to introduce financial literacy skills early in a child's cognitive development. Students will earn a certification upon completion of the curriculum, a representation of the important financial concepts they have mastered. The curriculum aligns with both state and national standards published by the Jump\$tart Coalition for Personal Financial Literacy.

Vault is available to K-12 schools at no cost through public-private partnerships secured by EverFi.

## The Educational Experience

### **Best-of-Breed Content**

Vault™ features 6 learning groups that focus on skill building and decision-making, from learning how to control spending, to going to trusted adults for financial advice.

### **Rich Assessment Data**

Each learning group contains assessments that measure student knowledge gains throughout the program.

### **Personalized Goal-Setting & Interactive Learning**

Students will "unlock" games and will apply their learning in a variety of story-based simulations. These activities challenge students to make choices in real-life scenarios to achieve important goals around saving, job planning, and budgeting.

### **Getting Started**

Teachers can get started after a 20-minute meeting with their local schools manager.

26%

of parents feel well prepared to teach their kids about basic personal finance.

- Networks Financial Institute  
at Indiana State University

**Level: Grades 4-6**

**Length: 2.5 Hours**

### **Topics Covered**

- Planning & Money Management
- Credit & Borrowing
- Insurance & Safety Management
- Savings & Investing

EVERFI.COM

EverFi is the leading technology platform that teaches, assesses and certifies students in critical skills. Our courses have impacted over seven million students.

# Building A Foundation For Financially Literate Youth

Saving, budgeting, or even earning money may not be top of mind for most preteens, yet **the financial knowledge they have now will set the tone for the decisions they make in their future.** Today's youth lack the basic understanding of personal finance that is necessary for future financial achievement, confidence, and well-being. In this economy, teaching personal finance at an early age is more important than ever.

Proactively teaching personal finance in schools and providing students with a foundation of knowledge is critical, as the financial knowledge youth develop today will set the tone for the decisions they make in their future.

## Program Benefits

- Champion a financial education movement by teaching, assessing and certifying students in important 21<sup>st</sup> century concepts.
- Prepare students to succeed in the 21<sup>st</sup> century workforce.
- Access key performance metrics for your students that will facilitate differentiated learning in your classroom.

71% agree that the best way for teens to learn about money is from a guided, hands-on experience.

- Charles Schwab's 2008 "Parents & Money" survey

6,000+ schools across all 50 states use the EverFi curriculum in their classrooms.
