## Spring 2021

## Spring Cleaning: Savings Edition

This season, explore easy ways to maximize your savings and inspire 'spring cleaning' energy into your financial life. Even if you only manage a few items on your to-do list, the sense of renewal and new possibilities can be endlessly motivating.

Making a budget is an important milestone on the road to financial stability, providing both organization and peace of mind. Even if you do not have the time to track every category of spending every week, getting a sense of how your spending measures up against your budget is invaluable.

While your priorities in your savings journey may change over time, there are beneficial tools you can rely on to keep your finances in balance, such as the [Automatic Investment Plan \(AIP\)](#)—which allows you to make automatic contributions—and the [Systematic Withdrawal Program](#) which allows you to make automatic withdrawals.

Taking the time to organize your finances is one of the most valuable gifts that you can give yourself, and we encourage you to be proactive and get started today.

## Recommit to Your Finances

Have you been sticking to your 2021 budget and making smart financial decisions? If not, it's never too late to get back on track, and May's Recommitment Month is a great time to do so. Read on for Enable's suggested tips to utilize:

1. **Re-evaluate Your Goals:** Look back at the goals you set for yourself at the beginning of the year. Are you on track to achieve them? If not, list out attainable action items you can take to help get you there, and if need be, adjust your goal to meet your realistic capabilities.
2. **Be Secure:** Make sure to regularly update your passwords, and review your statements across all financial accounts to ensure you have maximum protection and that all transactions are accounted for.
3. **Go Digital:** Save a record of your purchases digitally when possible. Not only is this better for the environment, but it provides for easier access and better financial organization.
4. **Do Your Research:** Stay up to date with the latest account information by reading our weekly blogs, newsletters and announcements posted on the [Enable Savings Plan website](#).

# Celebrating May's Mobility Awareness Month

Every May, Mobility Awareness Month is an opportunity for the disability community to shine a light on resources, organizations and leaders that advance mobility solutions. In celebration of this tradition, read on for some key tips to benefit our Account Owners who use wheelchairs:

**Utilize Apps:** There are many free iPhone and Android apps designed to improve accessibility on the go. From Wheelmap, an app used to find wheelchair accessible places in your community, to the website MobilityWorks, which helps to find wheelchair accessible vehicles for rent or sale, there are a plethora of resources available at the touch of a button.

**Get Local:** Call ahead before planning a fun activity to ensure your destination is fully accessible. Additionally, keep up with your local disability organizations for free events and offerings within your community.

**Utilize Your Enable Account:** Wheelchairs are considered a Qualified Disability Expense for Enable Account Owners, so make sure to take advantage and tap into your Enable savings to pay for any wheelchair related costs, including maintenance and repairs. Approved expenses can also include installation of ramps and other items to help improve mobility in your home.

## Message from the Nebraska State Treasurer

With trees beginning to bloom and days getting warmer, spring is a time of renewal and growth. I encourage all members of the Enable community to bring this same mentality to their finances. Infuse new energy into your savings journey by prioritizing your fiscal goals, automating contributions, and reaching out to loved ones for gift contributions and support. Every dollar saved will help empower a better, more financially secure future.
