**COVID-19 RESPONSE:**

**EXECUTIVE SUMMARY, MGMT PROCESSES, AND SERVICE DELIVERY METHODS:**

The Treasurer's Office is organized in four operating divisions:

1. Treasury Management
2. Unclaimed Property
3. College Savings Plan/Achieving a Better Life Experience Program
4. Child Support Payment Center, State Disbursement Unit

The Treasurer's Office also employs a Deputy State Treasurer and an IT staff who provide management services for all operating divisions.

Treasury Management performs the banking functions for the State of Nebraska. The staff ensures receipts and disbursements are made on a timely basis to maximize interest income.

The Unclaimed Property Division finds the rightful owner(s) or heir(s) of abandoned property to facilitate its return. The staff develops strategies to return money while working with businesses to ensure compliance with reporting requirements.

As Trustee of the Nebraska Educational Savings Plan Trust, the Treasurer, with assistance of the College Savings Plan Division, is in charge of the overall administration of the Nebraska Educational Savings Plan Trust.

As Trustee of the Nebraska Achieving a Better Life Experience Trust, the Treasurer, with assistance of the Achieving a Better Life Experience Division, is in charge of the overall administration of the Nebraska Achieving a Better Life Experience Trust.

As part of a Federal-State partnership, the Nebraska Child Support Payment Center, which is administered through the State Treasurer's Office, is responsible for receipting and identifying child support payments from non-custodial parents, reporting this information to Health and Human Services and disbursing payments to custodial parents, all within 48

**Budget Cycle: 2021-2023 Biennium**      **Version: A1 - AGENCY REQUEST**

**ISSUE: ADD STAFF PERSON TO WORK IN ABLE PROGRAM**

**DESCRIPTION OF REQUEST:**

The Treasurer is Trustee of the Nebraska ABLE Plan. The ABLE Plan was created by the Legislature in 2015 and launched by the Treasurer's Office in 2016. The program provides for tax-advantaged, state-sponsored savings accounts for individuals with certain disabilities.

The Treasurer's Office intends to hire a person to work with groups that support different disabilities to improve the ABLE Plan for account owners and to inform families of people with disabilities about the ABLE Plan. In addition to the promotion of the ABLE Plan, this person would work with the ABLE Program Manager to make positive changes to the ABLE Plan.

**RATIONALE FOR REQUEST:**

**IMPACT OF REQUEST:**

The increase to the ABLE budget is \$50,265 in fiscal year 2021-2022 and \$51,711 in fiscal year 2022-2023

**STATUTORY CHANGES:**

**Budget Cycle: 2021-2023 Biennium**      **Version: A1 - AGENCY REQUEST**

**ISSUE: AS ASSESSMENTS**

**DESCRIPTION OF REQUEST:**

Projected rates for Workers' Compensation assessment, Accounting assessment and Purchasing assessment costs for FY 22 and FY 23 were provided by Administrative Services to state agencies. These rates are set by Administrative Services for each agency, any increase or decrease to these rates is outside the control of the Treasurer's Office.

**RATIONALE FOR REQUEST:**

The assessments were provided by Administrative Services to state agencies. The Treasurer's Office splits the assessment costs between its operating programs based on the number of employees working in each program.

**IMPACT OF REQUEST:**

Each of the assessments will change from FY 2020-21 to FY 2021-22 and will remain the same in FY 2022-23.

Workers' Compensation will increase \$3,416 from FY 2020-21 to FY 2021-22 and will remain the same in FY 2022-23.

Accounting will increase \$4,334 from FY 2020-21 to FY 2021-22 and will remain the same in FY 2022-23.

Purchasing will decrease \$1,306 from FY 2020-21 to FY 2021-22 and will remain the same in FY 2022-23.

**ISSUE: BUILDING RENT EXPENSES**

**DESCRIPTION OF REQUEST:**

Under current lease agreements, there will be changes to rent expense for the State Disbursement Unit and Unclaimed Property

**RATIONALE FOR REQUEST:**

State Disbursement Unit rent will increase on October 1, 2021. The next rent increase won't occur until October 1, 2023. The current lease expires September 20, 2027.

The Treasurer's Office in Omaha's rent will increase on August 1, 2021 and August 1, 2022. The next rent increase won't occur until August 1, 2023. The current lease expires July 31, 2029.

Unclaimed Property (UP) lease expires January 31, 2021. The Treasurer's Office will work with DAS to find a different location for the Unclaimed Property office. The current lease for Disaster Recovery (DR) site at Whitehall expires on June 30, 2021. For budgeting purposes, no increase for UP or DR is built in for the fiscal years ending June 30, 2022 and June 30, 2023.

**IMPACT OF REQUEST:**

When leases expire at Unclaimed Property and Whitehall, the Treasurer's Office will work with Department of Administrative Services - Building Division, to renew these leases or to find alternate locations. A substantial increase at either location could result in leaving one (or both) of the current locations.

**Budget Cycle: 2021-2023 Biennium**      **Version: A1 - AGENCY REQUEST**

**ISSUE: INCREASE ABLE OPERATING EXPENSES**

**DESCRIPTION OF REQUEST:**

The Treasurer is Trustee of the Nebraska ABLE Plan. The ABLE Plan was created by the Legislature in 2015 and launched by the Treasurer's Office in 2016. The program provides for tax-advantaged, state-sponsored savings accounts for individuals with certain disabilities.

The Treasurer's Office is seeking a new Program Manager for the ABLE Plan. This will result in additional legal expenses as proposals are reviewed, the Program Manager Agreement is negotiated and to review required disclosure documents.

The Nebraska Investment Council (NIC) charges fees to the ABLE Plan based on the amount of assets in the Plan.

After the change in Program Manager is complete, the Treasurer's Office intends to enter into a contract for additional promotion of the Plan.

**RATIONALE FOR REQUEST:**

The search for a new Program Manager will cost an estimate of \$20,000 in legal expenses for both years of the biennium.

As the assets of the Plan increase, so does the amount charged by NIC. The amount of the increase will depend on the value of assets in the Plan on June 30, 2021 and June 30, 2022. The estimated increase in NIC fees is \$250 in each year of the biennium.

The new Program Manager will be responsible for a yet to be determined amount of promotional expense. The Treasurer's Office intends to contract for additional promotional expenses of \$10,000 in each year of the biennium.

The Treasurer's Office will work to find the best Program Manager for the ABLE Plan, which will benefit the State of Nebraska by greater promotion of the ABLE Plan. With greater promotion will come more ABLE accounts, and as the value of assets in the Plan increase, the State will receive more program fees. Additionally, the new Program Manager will benefit owners of ABLE accounts by charging lower account fees.

**ISSUE: REDUCE SOFTWARE COSTS**

**DESCRIPTION OF REQUEST:**

The Unclaimed Property Division switched Unclaimed Property software programs. The software licensing fees in FY 21 for the old program is \$21,244 in quarterly licensing fees, which will be saved in the new biennium. The new software program has 3% annual increases in licensing fees, which is \$4,350 in FY 22 and \$6,953 in FY 23

**RATIONALE FOR REQUEST:**

The software licensing payments for the old software program will not be made in FY 22 or FY 23

**IMPACT OF REQUEST:**

The software program has been replaced by a program that will allow our staff to better serve holders and claimants of Unclaimed Property.

# Budget Modification Detail Report

Agency: 012 - STATE TREASURER

Budget Cycle: 2021-2023 Biennium

Version: A1 - AGENCY REQUEST

## MODIFICATION: BUDGET MODIFICATION, 5% GENERAL FUND REDUCTION

### GENERAL DESCRIPTION:

The Treasurer's Office is required to submit a modification to the proposed budget which contains an 5% reduction in general funds. This would be extremely difficult to implement, as the Treasurer's Office has reduced it's costs each budget cycle. The Treasurer's Office has taken numerous steps to operate more efficiently and to reduce costs. It would be difficult to reduce operating expenses, so the reduction would likely come by cutting jobs.

### RATIONALE:

The required modification for FY 2021-22 is \$76,107 in state general funds. The State Disbursement Unit (SDU) is the only program in the Treasurer's Office that receives general funds. The costs to operate the SDU are split between general and federal funds. State general funds pay for 40% of the SDU, while federal funds cover the other 60%. Due to the cost split with federal funds, a loss of \$76,107 in general funds results in a loss of \$114,161 of federal funds. Therefore, the modification for \$76,107 in general funds is a reduction to the SDU budget of \$190,268.

### IMPACT:

As discussed above, in the general description portion of the narrative, the SDU has made cuts over many budget cycles. This has left very few discretionary expenses remaining that can be reduced. The SDU is working to further reduce postage and printing costs as much as possible with new electronic options for printing and mailing child support payments and billing statements, and receiving child support payments. If forced to reduce the budget by 5%, the SDU's primary option would be to make reductions to PSL and to cut positions. This would require the Treasurer's Office to fire three SDU staff members (3 FTE). This would eliminate nearly 15% of the SDU staff. The result could be substantial delays in receiving and distributing child support to the persons entitled to it and could result in an unacceptable decline in customer service.

**GENERAL COMMENTS:**

The sale of services and expenditures for the Treasury Management program in the Treasury Management fund are the same in FY 2021 as these both are the amount of current appropriation. The amounts for sale of services and expenditures are also the same in FY's 2022 and 2023 for Treasury Management as these both are the requested budget amounts. This is the same for the ABLE program, but the sale of services includes \$60,000 (\$40,000 annual payment from the program manager, \$20,000 annual payment from contracted state). in FY 21 only. These payments are not expected to continue after switching ABLE Program Managers. Reimbursement from non-government sources are purchasing card rebates

**GENERAL COMMENTS:**

**PURPOSE OF GRANT (REQUIRED-FEDERAL ONLY):**

The sale of services in the College Savings Plan Expense fund are the receipt of program management fees. These fees are estimated at \$1,200,000 per year, the estimate is based on the 0.02% fee that the plan receives on what is currently over \$5,900,000,000 in plan assets. The value of the plan assets should increase with greater participation (the result of marketing and outreach efforts), however, a drop in the stock market would decrease the value of the plan assets. The operating transfers out for the College Savings Plan Expense fund are transfers to the College Savings Plan Administrative Fund for that year's appropriation, plus transfers to the Nebraska Investment Council (NIC) for their fees. The past two years, NIC fees have been \$548,485 in FY 19 and \$530,810 in FY 20. The fund analysis has NIC fees of \$535,000 in FY 21, \$545,000 in FY 22 and \$555,000 in FY 23.

**FUND: 40000 - FEDERAL GENERAL FUND**

**GRANT: 93.563 - CHILD SUPPORT ENFORCEMENT**

**GENERAL COMMENTS:**

The expenditures for the Federal Letter-of-Credit fund, Grant # 93.563 Child Support Enforcement, in FY 2021 match the current base appropriation for fund 40000 to operate the State Disbursement Unit and the amounts for FY's 2022 and 2023 are the requested budget amounts for those years. The Nebraska Department of Health and Human Services is managing the grant and passing the funds through to the State Treasurer's Office to assist with funding the operations of the State Disbursement Unit.

**PURPOSE OF GRANT (REQUIRED-FEDERAL ONLY):**

The purpose of this grant is to provide for the administration of state child support enforcement.

**GRANT CHARACTERISTICS (REQUIRED-FEDERAL ONLY):**

This is an formula grant from the Administration of Children and Families. There is state match from the State General Fund. The amount of match is 34%.

**USE OF GRANT FUNDS (REQUIRED-FEDERAL ONLY):**

This grant provides funds for administration of the Child Support Enforcement Program.

**GRANT FUTURE OUTLOOK (REQUIRED-FEDERAL ONLY):**

There is no known reduction to funding at this time.

**IMPACT OF POTENTIAL REDUCTIONS (REQUIRED-FEDERAL ONLY):**

The impact of reductions to grant 93.563 would be a decrease in the service provided. The SDU's budget, including the federal funding, has decreased by over \$440,000 from FY 11 current appropriation to FY 2021 current appropriation. With the ongoing spending cuts and increased efficiencies at the SDU, it would be difficult to implement forced reductions.

**Program Narrative Report**  
**Agency: 012 - STATE TREASURER**  
**Program: 024 - STATE DISBURSEMENT UNIT**  
**Budget Cycle: 2021-2023 Biennium**      **Version: A1 - AGENCY REQUEST**

**PROGRAM DESCRIPTION:**

The Nebraska Child Support Payment Center/State Disbursement Unit (SDU) is charged with the responsibility to receipt and identify incoming payments from paying parents, report this information to Health and Human Services, disburse payments to parents receiving payments, provide customer service, recover bank return items and over payments, and develop and present outreach materials to inform customers about program requirements and customer responsibilities.

**PROGRAM OBJECTIVES:**

Process and transmit at least 99.9 percent of all receipt information, other than those which require research, to the CHARTS (Children Have A Right To Support) software program the same day the information is received.

Disburse support money by Automated Clearing House (ACH), Electronic Payment Card or check as specified by payees within two business days after receipt. Answer customer calls before the fourth ring with no caller on hold for more than one minute.  
Develop and conduct ongoing efforts to encourage customers to submit and receive payments electronically.

Strategies used to meet objectives and improve workplace efficiency include the following:

Revision of Statute 43-3342.03 enables the SDU to require employers with more than 50 employees to remit child support payments electronically rather than by paper check. This eliminates manual data entry, reduces errors, reduces the amount of time to complete data entry, and reduces use of resources to record and store payment data.  
Revisions to Title 466 of the Nebraska Administrative Code (NAC) §§ 11-004, 11-004.01 and 11-004.02 enable the SDU to disburse payments electronically rather than sending paper warrants. This reduces costs including lower postage and printing costs, fewer bank charges, and fewer lost or forged payments. It also reduces the costs of carrying outstanding payments and requires fewer resources to clear warrants and archive paper images.  
Revisions to monthly billing statements put into effect in 2011 reduce the number of monthly statements printed and mailed and increase the awareness of electronic statements. Paper billing statements no longer are mailed to individuals whose child support payments are withheld from their income or their unemployment or are being received by another state. Paper statements continue to be mailed to individuals who request paper statements.  
Additional revisions to monthly billing statements eliminate paper statements on non-IV-D cases unless paper is requested. Reduced returned mailed statements by converting to web only unless a new address has been verified.  
Additional revisions eliminate paper statements unless a paper coupon is being used by the payer or the payer requests a paper statement be mailed. If a statement is returned by the Post Office, the mailing is discontinued, and unless an electronic delivery method is set up, the statement becomes web only.

Actions to meet program objectives and improve efficiency include the following:

Added new delivery methods for payers of text message and QR codes in May 2017.  
Awarded Online-Mobile-Kiosk Bill Payment Concentrator RFP to U.S. Bank, reducing costs by 50 percent.  
Implemented VantagePoint, allowing electronic corrections on payments and enabling an employer to use its bank online bill payment method. This increases the number of paper

payments being converted to electronic payments and decreases the chances of misapplying payments.

Implemented payment notifications to inform parents receiving payments the evening a payment is disbursed. This effort has reduced phone calls to customer service by nearly 50% and improved customer service levels to new record performance.

Implemented the Centurion CARES FLEX upgrade allowing for all staff to work remotely by using a VPN connection to their desktops from anywhere they can access the internet. Program Director Troy Reiners recognized at the Fall 2018 WICSEC National Conference by winning the Excellence Award (Nebraska Standing Ovation) and accepting the award on behalf of the entire State Disbursement Unit staff.

Nebraska's State Disbursement Unit recognized in 2019 by OCSE Federal Systems (ACF) as the leading state for receiving payments via EFT/EDI at the rate of 86%.

Brought all warrant/billing print jobs in-house unexpectedly as the existing vendor closed up their shop in Council Bluffs early on account of COVID-19 striking in March.

Established partnerships with national entities to convert cash payments to electronic payments and to reduce the number of money order and check payments. Partnerships include the following:

PayNearMe, adding 27,000 payment locations nationwide MoneyGram, adding 40,000 payment locations nationwide Western Union, adding 51,000 payment locations nationwide U.S. Payments PaySite Kiosk, adding 400 kiosks in 30 states as payment options

U.S. Bank and CityBase, adding self-serve kiosks in Omaha and Lincoln. As a result, about 1,300 payments have been converted from cash or check to electronic payments and the number of money order and check payments has been reduced.

Value Payment Systems and PayPal, introducing PayPal as a new payment option

ProfitStars (Division of Jack Henry & Associates) RemitPlus paper payment processing platform continued to be implemented

Ensenta (subsidiary of ProfitStars Mobile Apple/Android application development for Remote Deposit Capture on any and all still remaining paper payments

**PERFORMANCE MEASURES:**

In coordination with Health and Human Services, the SDU reports and monitors performance measures and evaluates performance based on standards established by the program.

Performance measures are monitored through reports on accuracy, production levels, efficiencies, balancing and reconciling. Additional reports are received by HHS that determine the percentages of work completed on the same day; reports also point out discrepancies, rejects, unidentified items and misapplied items. The Customer Service Department prepares reports that measure the length of time a caller is on hold, the number of dropped calls, the total number of calls, the length of time spent on calls and the performance of each representative.

Performance measures are monitored by reports that provide the following:

**Efficiencies**

The attached PDF files show statistics for a variety of measures, including billing statement efficiencies (**BILLING.pdf**). In the last two years, in particular, the SDU has reduced paper bill volume from 38,444 in June 2016 to 2,566 in June 2020. Other attached PDF files show total number of payments and dollar amounts (**CHARTS.pdf**), the percentage of payments not identified and sent to CHARTS on the day received (**COMPLIANCE.pdf**), the number and dollar amounts by different payment methods (**DISBURSEMENTS.pdf**), and the number of payments and types of notifications (**NOTIFICATION.pdf**).

**REQUEST PRIORITIES AND SIGNIFICANT ISSUES:**

The top priority is to continue using technology to improve core business-related processes as follows:

**Program Narrative Report**  
**Agency: 012 - STATE TREASURER**  
**Program: 024 - STATE DISBURSEMENT UNIT**  
**Budget Cycle: 2021-2023 Biennium**      **Version: A1 - AGENCY REQUEST**

Improve the 86 percent rate for payments received electronically by continuing to work with employers – both those with more than 50 employees, which by state statute are required to remit electronically, and smaller companies that, while not required to remit electronically, will save money by doing so. Focus attention on individuals who remit payments by paper to increase awareness of the 120,000 locations where secure electronic payments can be made. Add more electronic payment methods and encourage use of the mobile applications available from individuals' own financial institutions.

Improve the 98 percent rate for payments disbursed electronically by reducing the number of refunds and redirected payments, which are required to be disbursed by paper. This can be accomplished by determining if some payments can be made electronically. The office is working with HHS to reduce refunds from employer payments by identifying income withholding orders to be terminated. Recurring redirected payments are being recognized as an unwarranted and preventable expense; work is being done to eliminate and prevent redirected payments and/or convert these payments to electronic means.

Improve billing methods to increase the number of monthly statements delivered, but reduce costs by delivering electronically. Work is being done to obtain email addresses and cell phone numbers to enhance electronic billing efforts. Text message and QR code billing have been implemented, but can be enhanced by allowing for text message payment reminders and by increasing the number of electronic billing statement recipients, now nearing 26,000 paying parents.

Improve customer service level performance by implementing the Centurion Cares ProSpeak platform allowing for 24/7/365 personal customer service to be provided to all parents receiving payments and paying parents. This project will allow for a visual interactive voice response platform leveraging email/text/QR codes and artificial intelligence through the call center thereby reducing the need for live customer service representatives; freeing them up to perform outbound customer service to enhance all experiences with the NCSPC.

Other priority areas include the following: partial offsets for recovery, improved recovery procedures developed jointly with HHS to enhance both offices' recovery capabilities, use of collection fee fund to seek legal action on some debt items, continued reconciliation of bank accounts and possible automation for certain balancing processes, creation of web portal for recoveries and set recurring recovery payments and enhanced electronic re-presentment process for debt recovery.

The SDU is working towards an improved kiosk solution due to current vendor exiting this environment where an additional kiosk will be deployed and payment processing costs lowered. Additional forms of payment at the kiosks are also being considered to include contactless payments such as Apple Pay, Android Pay, and Samsung Pay. These payment options assist to cope and deal with new and challenging issues the COVID-19 outbreak has presented.

The SDU has eliminated dependence on its long-time software vendor, which had become an unbearable cost with no improvements or maintenance completed. The SDU is implementing a paper payment processing solution at a cost substantially less than the previous vendor and will gain greater efficiencies and cost savings. The IT staff will provide in-house programming to replace the previous vendor. The majority of enhancements are custom programming unique to SDU requirements.

The payment system is getting near to being upgraded to Windows 10 compatibility, and the number of servers has been reduced by implementing a cloud server for the call center.

**Agency: 012 - STATE TREASURER**  
**Program: 117 - MUTUAL FIN ASSISTANCE**  
**Budget Cycle: 2021-2023 Biennium**      **Version: A1 - AGENCY REQUEST**

**PROGRAM DESCRIPTION:**

The Mutual Finance Assistance Program distributes aid to mutual finance organizations as directed by Statutes 35-1201 and 35-1207.

**PROGRAM OBJECTIVES:**

The objective of the Mutual Finance Assistance Program is to provide timely and accurate payments by distributing aid in two equal payments on or before November 1 and May 1 of each year. LB 1130 was introduced on January 22, 2020 to change provisions relating to organization agreements and to change certain deadlines for applications, notification, and payments. Upon its passage and approval by the Governor, the payment dates have been changed to on or before January 20 and May 20 starting in 2022.

**PERFORMANCE MEASURES:**

Treasury Management reviews MFO applications for proper documentation and calculations. Performance of this program is measured by monitoring distributions to ensure they are timely and accurate.

**REQUEST PRIORITIES AND SIGNIFICANT ISSUES:**

There are no specific priorities or issues for this program

**Program Narrative Report**  
**Agency: 012 - STATE TREASURER**  
**Program: 475 - ABLE SAVINGS PROGRAM**  
**Budget Cycle: 2021-2023 Biennium**      **Version: A1 - AGENCY REQUEST**

**PROGRAM DESCRIPTION:**

The Nebraska ABLE Savings Program, called the Enable Savings Plan, provides a simple and flexible 529A Savings Plan for Nebraska residents and citizens outside of the state, as directed by Statutes 77-1401 to 77-1409 and IRS Code Section 529A. In December 2014, the Achieving a Better Life Experience (ABLE) Act was signed into law authorizing individuals with disabilities to open tax-exempt savings accounts to save for disability-related expenses without affecting eligibility for resource-based benefits.

The Act permits an individual with disabilities to save more than a total of \$2,000 in assets in his or her name in a qualified ABLE account. An account owner can save up to \$15,000 annually—including contributions from others—and \$100,000 overall without SSI benefits being affected. The \$100,000 limit doesn't affect the account owner's Medicaid eligibility. Total contributions cannot exceed \$400,000; however, the total account balance—including value of contributions plus earnings—can continue to grow beyond that amount.

**PROGRAM OBJECTIVES:**

The objective of the Enable Savings Plan is to administer, market and maintain an efficient and effective ABLE program for all Nebraskans, while complying with State and Federal regulations. The Treasurer's Office will continue to work closely with the Program Manager to administer the Enable Savings Plan. As Nebraskans learn about the benefits of a 529A plan, the goal will be to educate eligible individuals on the advantages of the Enable Savings Plan. To accomplish this goal, the Enable team has developed marketing efforts and an outreach plan for Nebraskans as well as potential account owners nationwide.

**PERFORMANCE MEASURES:**

In coordination with the Program Manager, the Treasurer's Office will maintain the integrity of the Savings Plan by improving access to the Enable Savings Plan. The Treasurer's Office will monitor marketing and disclosure materials so they accurately inform investors and will evaluate investment performance to the appropriate standards.

The Enable Savings Plan launched June 30, 2016.

FY Year	Assets	Accounts
6/30/17	\$2.64 million	614
6/30/18	\$5.26 million	1,005
6/30/19	\$8.46 million	1,336
6/30/20	\$11.99 million	1,680

In addition, the Treasurer's Office contracted with the State of Alabama making the Enable Savings Plan for individuals with disabilities available to Alabama residents.

The Enable Savings Plan Alabama launched February 26, 2017.

FY Year	Assets	Accounts
6/30/17	\$89,430	40
6/30/18	\$362,663	113
6/30/19	\$1.05 million	242
6/30/20	\$1.98 million	318

Inputs: The Enable Savings Plan uses fees received from the Program Manager, beginning November 2017, together with appropriated funds from the Treasury Management Cash Fund to administer the Plan. The Treasurer's Office has contracted with the State of Alabama to offer Enable Savings Plan Alabama to Alabama residents. The fees received from the Alabama program provide another source of funds for the Nebraska ABLE program. The Treasurer's Office is open to discussions with additional states as opportunities may arise.

Outputs: The Enable Savings Plan will provide residents of Nebraska, as well as residents of other states, with educational materials about the Nebraska 529A program. Materials include an enrollment kit that provides potential account owners with what they need to set up accounts. Materials also include maintenance forms for account owners, such as withdrawal forms and change of beneficiary forms. As this is a relatively new program, and outreach efforts need to be prioritized, advertising costs will continue to be high in order to increase accounts and assets within this program.

Efficiency: The Savings Plan will incur costs for materials to educate residents about the Enable Savings Plan. The Enable Savings Plan will also incur costs to attend outreach events to market to and inform account owners.

**REQUEST PRIORITIES AND SIGNIFICANT ISSUES:**

The Enable Savings Plan contract term is set to expire June 2021. Implementation of the Enable Savings Plan with a new program manager and potential program structure will require extensive outreach and marketing efforts as well as outside legal Counsel review, incurring legal expenses.

**Budget Cycle: 2021-2023 Biennium**      **Version: A1 - AGENCY REQUEST**

**PROGRAM DESCRIPTION:**

Treasury Management is responsible for the Treasurer's core constitutional functions: receipting and disbursing State funds. Payments made to State agencies, whether by check, cash, credit card, bank transfer, wire, ACH debit or ACH credit, flow through State Treasury-run bank accounts and are receipted in by State Agencies and posted by TM.

Constitutional responsibilities include managing and reconciling all State bank accounts, reconciling incoming and outgoing Automated Clearing House (ACH) payments, processing all payment card receipts, paying State warrants and posting State agency receipts in the accounting system. TM sets cash position daily to ensure payment obligations are covered and to maximize money available to invest by the Nebraska Investment Council. This helps increase the interest earned by the State of Nebraska.

TM staff issues banking service requests for proposals (RFPs) to reduce banking fees, increase program rebates paid to State agencies, consolidate services, streamline services and promote efficiency in State government.

TM also assists State agencies, vendors and banks with questions on State payments and other banking services; assists agencies with the development of e-commerce options when accepting payments from constituents; manages statewide credit card payment industry data security annual compliance; completes statutory transfers; and manages the distribution of aid payments to political subdivisions.

TM provides support for State agencies on banking rules changes and services. TM staff members work with contractors to educate cities, counties, school districts, public power districts and other political subdivisions on their ability to participate in State Treasury contracts. The combined volume under these State Treasury contracts offers lower costs, additional services and efficient processes to all participants.

**PROGRAM OBJECTIVES:**

The main objectives of TM are to:

Increase the dollar amount of receipts paid to the State electronically

Implement procedures to increase the use of image technology for depositing State funds and reconciling State warrants Increase data security of State financial transactions and

confidential personal/banking information

Prepare legislative transfers and to distribute State aid payments

Work with contractors to provide State agencies, cities, counties and other political subdivisions information regarding banking service contracts

- Implement paperless procedures to increase cost savings to the Treasurer's Office

Goals and action plans to support the objectives follow:

Goal 1 - Continually improve cash management processes and procedures.

Objective - Maximize the amount of money available for investment daily by using industry standard advances in ACH transactions, check processing and online bank contracts and processes.

Action Plan - TM staff uses electronic bank technology, which allows for the direct presentation of checks for deposit to the State's bank account, allowing for immediate availability or next-day availability of all deposits. TM will continue to use new banking technologies as they become available to create efficiency and reduce fees.

Goal 2 - Increase the State's electronic disbursement of money.

Objective - Continue to increase electronic transactions each fiscal year.

Action Plan - TM staff will continue to work with State agencies to increase the number of vendor payments and consumer payments made electronically by ACH, stored value card or purchasing card. Staff continues to work with agency personnel and vendors regarding the benefits and cost savings of ACH payments.

Goal 3 - Increase the dollar amount of receipts paid to the State electronically.

Objective - Increase funds paid to the State electronically to reduce the number of checks processed by the Treasurer's Office and the amount of fees charged by depository financial institutions.

Action Plan - TM staff continues to work with State agencies to develop expanded ACH or Credit Card acceptance programs for payments due to State agencies by vendors or individuals. Under State Treasurer banking services contracts, costs were lowered for these services and expanded services were made available to State agencies. Both the ACH Services contract and the Credit Card Services contract offer agencies the ability to accept these transactions by qualified service providers who are knowledgeable about banking and regulatory rules revolving around processing these transactions.

Goal 4 - Use of image technology for depositing State funds and reconciling State warrants.

Objective - Use of images in processing the warrant clearing file and use of remote deposit capture to process state deposits.

Action Plan - Electronic image or substitute checks are presented to the State for payment of State Treasury warrants. The images have the same legal equivalency as State warrants.

TM uses remote deposit capture (RDC) software to deposit funds electronically at a selected State depository bank account. Using RDC saves on courier fees as well as check processing fees. It also allows for more immediate availability or next-day availability of all deposits and faster clearing times.

Goal 5 - Increase data security of financial transactions and confidential personal/banking information.

Objective - Continue to work with State agencies to ensure that constituent and State bank data is secure.

**Program Narrative Report**  
**Agency: 012 - STATE TREASURER**  
**Program: 503 - TREASURY MANAGEMENT**  
**Budget Cycle: 2021-2023 Biennium**      **Version: A1 - AGENCY REQUEST**

Action Plan - TM will continue to coordinate Payment Card Industry Data Security Compliance (PCI DSS) with the Office of the CIO as well as ACH Data Security requirements as required by the National Automated Clearing House Association (NACHA). TM staff will work with State agencies to reduce transaction risk related to Credit Card and ACH transaction processing. TM implemented secure emails to treasury staff to send sensitive information securely.

Goal 6 - Prepare legislative transfers and calculate State aid payments.

Objective - Each legislative session designates transfers to be prepared by the State Treasurer as well as updates to previous legislation.

Action Plan - TM staff creates and sends a memo to State agency financial contacts requesting coding for legislative transfers affecting their agencies. TM staff also follows the Legislature as bills are introduced. Using a summary of each bill introduced, staff members determine which bills to track. Relevant passed bills are printed, marked and added to the appropriate fiscal year schedule of transfers. The schedule is shared with AS-Budget for review of completeness as well as getting a schedule from AS-Budget of Budget Division-directed transfers. TM staff contacts agencies that have not responded to obtain information to complete the transfers.

Each year TM staff is responsible for working with State agencies to prepare and pay State aid payments. For most payments, State agencies calculate the amounts of the payments. TM staff is responsible for preparing the necessary accounting entry and updating the Treasurer's website. All State aid payments are paid to political subdivisions electronically.

Goal 7 - Educate State agencies, cities, counties and other political subdivisions regarding banking service contracts and updates on banking regulations or rules. Objective - Help educate State agencies, cities, counties and other political subdivisions regarding banking service contracts, PCI DDS compliance issues and updates on banking regulations or rules.

Action Plan - TM staff will work with contractors to educate State agencies, cities and counties and other political subdivisions on opportunities to participate in Treasury contracts. TM will provide payment compliance support and training to agencies regarding banking regulations, requirements, changes and procedures.

Goal 8 – Implement paperless procedures. TM staff will eliminate the printing of paper wherever applicable which will reduce costs of purchasing paper as well as open up storage space and eliminate the need to shred sensitive information which will also reduce costs to the agency.

Action Plan – TM staff will no longer print work papers, but instead create a PDF document. Acrobat allows for signatures and making notations as necessary on the document, and this functionality will allow the staff to continue to note what staff took what action for each of the entries. TM will continue to email any backup notices to other state agencies as was done previously.

**PERFORMANCE MEASURES:**

TM staff will continue to incorporate emerging bank processes to offer efficient and improved cash management processes and reduce banking fees.

Staff annually reviews the number of electronic transactions, the number of checks processed and the number of warrants paid. Receiving images in place of paper warrants allows less handling of warrants manually.

Below are performance measures for each of the eight program goals. Attached PDF files provide statistics.

**Program Narrative Report**  
**Agency: 012 - STATE TREASURER**  
**Program: 503 - TREASURY MANAGEMENT**  
**Budget Cycle: 2021-2023 Biennium**      **Version: A1 - AGENCY REQUEST**

Goal 1 - Continually improve cash management processes and procedures.

TM continues to use the ACH network to help collect bad debt items for State agencies. By using this technology, TM was able to collect on insufficient fund returned checks (NSF) with no interaction from the participating State agency staff. Agencies are not charged by the Treasurer's Office for this service.

TM continues to offer the represented check program to agencies.

Please see the attached GOAL 1.pdf for statistics. This represents agencies that participate in the program, along with the number of checks that were collected when redeposited.

Goals 2 & 3 - Increase the State's electronic disbursement of money and increase the dollar amount of receipts paid to the State electronically.

The Treasurer's Office ACH Services contract allows State agencies to receive ACH payments through a secure contractor-operated web portal. In addition to using the contractor-operated web portal for re-presentation of NSF checks, agencies may work with TM staff to initiate debit transactions to consumer or business accounts.

The State Treasurers Office continues to work with State Accounting to remind agencies of the electronic payment mandate. The mandate focuses on automating payments in excess of \$25,000 and vendors receiving multiple payments a year. Under the negotiated State Treasurer ACH Services Contract, the cost of paying a vendor by ACH costs the state \$0.0085 per transaction. TM staff is working with agencies to pay vendors receiving multiple payments a year by ACH or purchasing card. TM has recently issued an RFP for ACH origination services that will increase savings each year for the State.

The State continues to email payment addenda to vendors or individuals receiving ACH payments from the State of Nebraska. This has allowed for more timely processing and more accurate vendor posting of State payments.

TM staff annually reviews the number of electronic transactions, the number of checks processed and the number of warrants paid. For the past two decades, the number of electronic transactions have increased every year. Increases in electronic transactions have helped reduce banking fees and check float and made funds available sooner for investment by the Nebraska Investment Council. TM staff works with State agencies to use efficient ways to receive and process payments at the lowest cost possible and improve cash flow. Under the State Treasurer ACH and Credit Card contract vendor-operated payment portals, vendors never hold State funds, thus allowing agencies to maximize interest earnings with no risk. One additional political subdivision participates under the State Treasury ACH Services contract.

Elavon continues to provide credit and debit card processing services for the State of Nebraska, Universities, and State Colleges. This contract is in its third year and runs through June 30, 2020, with the option of two 1-year renewals, with the first renewal having been executed. The contract also allows for the outsourcing of credit card acceptance to a secure vendor-operated payment portal website. The outsourcing of credit card processing allows agencies to reduce or eliminate the risk of accepting card payments.

TM staff continues to work with State agencies to expand the use of the prepaid stored value card program and traditional direct deposit. Due to the increase in ACH payments to consumer bank accounts or deposits made to prepaid cards, bank fees for clearing and processing State warrants are lower because of the decrease of State warrants issued. Also if State warrants are reduced, then the number of stop payments, duplicate warrants and forgery claims also are reduced. Currently the payroll programs use a MasterCard-branded card and all other programs use a VISA-branded card. The Treasurer's Office continues to work with current State programs using stored value cards (prepaid MasterCard for the payroll programs and VISA-branded debit cards for the other programs) to expand the use of the prepaid cards to further reduce consumer warrant payments. This is the fifth year of the contract that offers stored value cards at no cost to the State and at a minimal cost to the cardholder.

Prepaid branded debit cards offer the opportunity for consumers to access funds nationally and internationally via ATM, Point of Sale, Internet Transactions, over-the-phone and

face-to-face debit and credit card transactions<sup>TM</sup> and the prepaid card vendor continue to monitor new regulatory changes, such as the Consumer Financial Protection Bureau's Prepaid Account Rule. This rule requires clients to provide two separate disclosures to recipients before enrollment. These new "Pre-Acquisition Disclosures" include a short form and long form disclosure. All provisions of the Prepaid Rule became effective April 1, 2019.

By implementing more programs that disburse payments to individuals or State vendors electronically, the State will reduce bank service fees charged for processing and clearing State warrants and reduce State personnel time working on forgery claims, risk management expired warrant claims, duplicate warrants and stop payment requests.

The estimated savings does not address staff time managing exception items, stop payments, forgery claims or other issues related to warrant processing.

The State Treasury/Administrative Services – Accounting Division purchasing card contract offers an industry competitive rebate. The contract requires no minimum per card spend, no minimum average transaction requirements and no cost for card issuance.

TM, along with the Department of Transportation and the University of Nebraska, contract with a vendor for the Fleet Card program. The contract includes rebates for all participants. About 60 State agencies and political subdivisions are using services under this contract including schools, power district, police departments, cities, counties, sheriff's departments and community colleges. The biggest entities using services include Department of Transportation, TSB Pool, State Patrol, Game & Parks Commission, the University of Nebraska, City of Bellevue, and the Omaha Public Power District.

Statistical information for electronic disbursement (ACH), Credit and debit card processing, Stored Value Card, Purchasing Card, Fleet Card Program transactions are listed in the attached GOALS 2&3.pdf, along with the number of warrants presented for payment and checks processed by TM staff.

Goal 4 - Implement procedures to increase use of secure image technology for depositing State funds and reconciling State warrants.

In the past TM staff worked with the Nebraska Lottery, the Public Service Commission, the Department of Environmental Quality, Racing Commission, Brand Committee, Unclaimed Property, Department of Banking & Finance, Department of Environment and Energy, and Department of Labor to implement a remote deposit capture machine that allows these agencies to deposit checks electronically to banks. The remote deposit capture process provides greater flexibility when State agency staff make deposits, avoids hiring a courier and reduces money-in-transit safety concerns regarding State deposits.

By using remote deposit capture at the agency level, agencies with smaller volumes of checks that will not affect the State's deposit availability can reduce or eliminate courier expense and reduce money-in-transit risk.

In 2020 TM updated the check processing software from an electronic cash letter to Remote Deposit Capture, significantly reducing fees

Goal 5 – Increase security of State financial transactions and confidential personal/banking information.

The Treasurer's Office, in collaboration with the State Security Officer from the Office of the Chief Information Officer, the State Contract Merchant Bank and State agencies, has reached annual Payment Card Industry Data Security Standards (PCI DSS) compliance. All agencies reporting to the Treasurer's Office/Office of the CIO reached compliance on time. Currently by November 30 all PCI DSS documents are to be submitted to the credit card contractor stating the agencies compliance.

The PCI DSS standards are broad, common-sense measures that protect customers who use credit cards from becoming victims of identity theft. These requirements apply to all banks, merchants and service providers that store, process or transmit cardholder data. The requirements placed on merchants are determined by transaction/dollar amount processed. The State is a Level 2 merchant, on a 1 to 4 scale, with Level 1 being the highest. With this level of compliance, the State needs a Qualified Security Assessor (QSA) or an Internal Security Assessor (ISA) to ensure that each agency accepting credit card transactions is compliant with the PCI DSS standards. The OCIO has agreed to have the ISO become an ISA for the State. A QSA would cost the Treasurer's office approximately \$50,000 annually and the ISA cost is approximately \$3000 annually. Having the ISA

familiar with the State's network helps streamline the agencies continued PCI DSS compliance. The University campuses are a Level 3 merchant. They are able to submit evidence to the contractor to prove they are compliant.

The Treasurer's Office expanded the use of the Universal Payment Identification (UPIC) codes. These codes are used when receiving ACH payments. The codes allow the receiving entity to mask its "true" bank instructions offering a more secure way to receive payments electronically. By expanding this program to more agencies that receive ACH transaction for payment, the Treasurer's Office has continued to protect the State Treasury bank accounts from fraud and ensure that State bank transactions are secure. UPIC codes also allow the State Treasurer's Office to block wires and unauthorized ACH debit transactions.

Please see the attached GOAL 5.pdf for statistics.

The Treasurer's Office continues the ACH audit program to monitor transaction security related to ACH transactions originated by State agencies. Questionnaires were distributed to all agencies originating ACH transactions. Many agencies that originate ACH transactions are not involved in credit card processing so they had not yet been affected by an audit program focused on sensitive financial data (i.e., account number and routing numbers, Social Security numbers and other identifying personal information). The Treasurer's Office ACH audit focuses on 1) physical security to protect against theft, tampering and damage; 2) personnel and access controls to protect against unauthorized access and use; 3) network/data security to ensure secure capture, storage and distribution; and 4) regular monitoring and testing of networks to prevent an intrusion or breach of data. The State Treasurer's Office is currently working with all State Agencies that originate ACH transactions to comply with ACH Data Security Requirements being imposed by the National Automated Clearing House Association (NACHA). This would be similar to PCI DSS requirements, but for ACH transaction information. The initial compliance date is based on the number of originated transactions. The State is looking at a June 2021 compliance date requirement.

Goal 6 – Prepare legislative transfers and calculate State aid payments.

Legislative transfers:

Statistics are listed in the attached GOAL 6.pdf.

TM works with agencies to make transfers according to State Statutes.

Goal 7: Educate State agencies, cities, counties and other political subdivisions regarding banking service contracts and updates on banking regulation or rules and assist in educating agencies on Payment Card Industry Data Security Standards (PCI DSS).

TM staff will work with contractors, agencies, cities, counties, and other political subdivisions on opportunities to participate in State Treasury contracts. Staff will provide payment compliance support and updates on banking regulations and procedures.

TM managers and the State Security Officer from the OCIO have been responsible for coordinating annual PCI DSS requirements. The card associations have programs in place that require the annual compliance of each merchant accepting credit cards. They have begun hosting PCI DSS meetings to educate agencies on updates regarding data security and provide guidance on how to address questions to complete the proper Self-Assessment Questionnaire for their State agencies. By following the requirements, agencies will reduce credit card payment acceptance risk.

Goal 8: Establish a paperless work environment, saving the agency money on paper.

In August 2019 the ACH invoice process went paperless. Each agency would fax their ACH invoice or if they emailed the invoice, the employee would go through dozens of paper invoices to match money at the bank with the appropriate invoice. The US Bank IR report is no longer printed, but saved into an Excel document. Treasury staff run a report in E1 of the open ACH invoice to compare to ACH credits received on bank. An Excel spreadsheet is created of the ACH invoices that will be processed/have cash applied for that day's

business.

Due to COVID-19 and the office staff working from home processes had to change without the paper documents used previously. Credit Card Reconciliation, receipts, and setting cash have all been set up without having to print anything. Procedures are updated with the new changes and processes are continually changing to work smarter and not harder.

**Request for Proposals (RFPs)**

The Treasurer' Office issued an RFP and is currently in the question and answer stage for the ACH origination contract. Work on the payment card processing and store value cards RFP's will begin soon. The payment card processing contract has entered into the first renewal option and the store value contract will start its first renewal option in September. Each contract does have two one year renewal options.. State Treasurer's Office contracts benefit State agencies and other governmental entities by expanding services, consolidating volume and reducing fees. The issuance, contract negotiation, and implementation of banking RFPs is labor intensive because of multiple State agencies using services under State banking contracts and the complexity of services required by State agencies. Even once implementation has occurred, TM staff will continue to work with State agencies to develop solutions under recently completed contracts and those awarded in the coming years.

**State Statute Updates**

TM staff track new bills in the Legislature that could affect the operation or duties of the office. As new legislation is proposed and introduced, the staff works with agencies to ensure legislative changes are followed.

**Credit Card and ACH Data Security**

TM staff and the State Security office from the Office of the CIO have been responsible for coordinating annual credit card data security requirements. The card associations have programs in place that require the annual compliance of each merchant accepting credit cards. Provisions will need to be made for the cost of complying with new PCI compliance requirements.

TM staff will continue to work with the State Security Officer to implement a State ACH security standard for State agencies processing ACH payments and maintaining consumer or vendor bank information.

TM staff will work with State agency personnel to examine and reduce payment acceptance risk and make sure that compliance to banking rules and regulations are met.

**Disaster Recovery**

Treasury staff will dedicate personnel resources to test the Treasury disaster plan at the disaster recovery site. TM staff keeps disaster recovery procedures updated. During a disaster, laptops issued to key TM staff can be used to set cash position and move funds as needed. Additional measures have been taken recently due to COVID-19 where staff were set up to work remotely.

**PROGRAM DESCRIPTION:**

The Nebraska Educational Savings Trust, called NEST, provides a simple, affordable and flexible 529 college savings program for Nebraska residents and citizens outside the state, as directed by Statutes 85-1801 to 85-1814 and IRS Code Section 529.

**PROGRAM OBJECTIVES:**

The objective of the Educational Savings Trust is to administer, market and maintain an efficient and effective college savings plan for all Nebraskans, while complying with State and Federal regulations. The Treasurer's Office will continue to work closely with the Program Manager to administer NEST. As of June 30, 2020, the participation rate of children under age 18 in Nebraska was 17.6 percent. As the Treasurer's Office informs Nebraskans about the benefits of a 529 plan, the goal is to continue to increase this percentage. To accomplish this goal, the NEST 529 College Savings Program will need to increase its marketing and outreach efforts across Nebraska.

**PERFORMANCE MEASURES:**

In coordination with the Program Manager, the Treasurer's Office will maintain the integrity of the Trust by continuing to improve access to the NEST 529 College Savings Plans by lowering the overall cost of the plans in the Trust and through online enrollment, with an overall goal of increasing participation in the program. The Treasurer's Office will monitor marketing and disclosure materials so they accurately inform investors and will evaluate investment performance to the appropriate standards that the market has set for college savings plans.

**NEST 529 GROWTH**

Over the last five fiscal years, the number of NEST 529 accounts and the value of those accounts have increased each year:

FY Year	Assets	Accounts
6/30/20	\$5.66 billion	282,531
6/30/19	\$5.39 billion	272,111
6/30/18	\$5.00 billion	260,619
6/30/17	\$4.56 billion	252,424
6/30/16	\$4.04 billion	251,712

Inputs: The Trust will continue to use fees received from the Program Manager to administer the NEST 529 College Savings Program.

Outputs: The Trust will continue to provide residents of Nebraska, as well as out-of-state residents, with educational materials about the Nebraska 529 program. Materials include an enrollment kit, giving potential account owners information to set up accounts. Materials also include maintenance forms for account owners, such as withdrawal forms and change of beneficiary forms.

Efficiency: The Trust will continue to incur costs for materials to educate residents about the NEST 529 College Savings Program. The Trust will also incur costs for outreach events, again to market to and inform investors and potential investors. Due to the additional programs added to the Trust requiring a significant increase in duties for staff, salary increases are justified to be equitable among 529 industry peers.

Outcome/Results: The goal is to increase plan participation. By continuing marketing efforts, outreach events and plan maintenance, the Trust should be able to increase the number of children in Nebraska who have 529 plans. The Trust also benefits from increasing the number of out-of-state participants. As the overall assets of the plan increase, the program continues to receive national recognition.

Quality: The NEST 529 College Savings Program has been highly rated throughout its existence. As the program continues to work to lower fees, enhance investments, and provide new operational features, consumers will achieve even greater results in their 529 plans. The program also will continue to monitor investment options so account owners and plan beneficiaries receive the best possible return for their investments.

**REQUEST PRIORITIES AND SIGNIFICANT ISSUES:**

The NEST Program is implementing several initiatives promoting Nebraskans' access to higher education through innovative college savings incentives.

The Meadowlark Program: A NEST account will be opened for every baby born on or after January 1, 2020 who is a resident of Nebraska at the time of birth. Beneficiaries under the age of 30 who pursue higher education within the state will have access to these funds for qualified higher education expenses. Funding will begin the year following the birth of the child and parents/guardians have the ability to opt out of the program.

The Employer Matching Contribution Incentive Program: This program provides incentive payments to employers who match their employee's contribution into a NEST Program account. Beginning January 1, 2022, employers who partially or fully match employees' contributions in the previous year, can apply for and receive an incentive payment of 25 percent of their matched contributions, up to \$2,000 per employee per year. The program may award up to \$250,000 in total incentives per year.

The Low-Income Matching Scholarship Program: Beginning January 1, 2022, 200 percent of an account owner's contribution to a NEST Program account will be matched if the beneficiary is part of a family with a household income at or below 200 percent of the federal poverty level, or 100 percent of contributions if the beneficiary's household income is more than 200 percent but less than 250 percent of the federal poverty level, up to \$1,000 per participant per year. The program may award up to \$250,000 in total scholarships per year. Beneficiaries under the age of 30 who pursue higher education within the state will have access to the matched funds for qualified higher education expenses.

The NEST Program will require extensive resources to implement and promote each of these incentive programs.

**Program Narrative Report**  
**Agency: 012 - STATE TREASURER**  
**Program: 512 - UNCLAIMED PROPERTY**  
**Budget Cycle: 2021-2023 Biennium**      **Version: A1 - AGENCY REQUEST**

**PROGRAM DESCRIPTION:**

Unclaimed property consists of cash and other intangible assets that are considered lost or abandoned after an owner cannot be located for a specified period of time. Common types of unclaimed property are commissions, court deposits, dividends, dormant accounts, escrow funds, gift certificates, insurance payments, lost IRAs, matured CDs, money orders, payroll wages, rebates, refunds, royalties, stock and mutual funds, traveler's checks, and utility deposits. The contents of abandoned safe deposit boxes are also considered unclaimed property. The Unclaimed Property Division receipts these funds in and then processes claims to return funds to the rightful owners or their heirs.

**PROGRAM OBJECTIVES:**

The objectives of the Unclaimed Property Division are to increase both the amount of unclaimed property being received from businesses and the amount of unclaimed property being returned to rightful owners. To meet the objectives, the Treasurer's Office must continue to increase visibility of UP so that more claims are filed and increase awareness of unclaimed property laws affecting businesses.

To raise awareness among consumers and to increase business reporting, the UP Division adheres to the following practices:

1. To raise awareness among consumers and to increase business reporting, the UP Division has staff members set up booths at outreach events like, the State Fair, Husker Harvest Days, and the Applejack Festival. These events promote visibility and increase the number of claims by reaching out directly to Nebraskans. The division also, by law, publishes an annual report in daily newspapers in Nebraska listing new properties received during the previous year.
2. To increase business reporting, UP continues to identify and contact businesses that are not reporting unclaimed property. The Treasurer's Office uses an audit program to significantly increase the amount of unclaimed property received by the Treasurer's Office. UP uses technology to streamline the submission and remittance of holder reports which can be done completely online.
3. To allow for the efficient submission of claims for unclaimed property by allowing owners of unclaimed property to search for and file for unclaimed property online.

**PERFORMANCE MEASURES:**

The main performance measure is to track the amount of unclaimed property received and distributed each fiscal year as well as the total number of claims paid. UP receives unclaimed property in the form of cash, stock, and safe deposit box contents from corporations, financial institutions, and political subdivisions. The property is accompanied by reports detailing last-known information about the owners of the property. UP provides basic ownership notification as required by Statute: a mailing to each owner for whom \$50 or more is reported, an annual publication of a list of new owners in newspapers across the State, and a claims-processing service for claims received in person, by mail, online, or on the phone.

**Version: A1 - AGENCY REQUEST**

Unclaimed Property also conducts outreach efforts: booths at fairs and festivals across the State, maintaining an internet database of all owners, plus skip tracing and genealogical searches for owners. Residents are interested in the program because they want to receive money rightfully owed to them. As the amount of money returned to owners increases, so should customer satisfaction with the Unclaimed Property Division. UP now has two research specialists devoted to locating owners of unclaimed property proactively.

The annual amounts of unclaimed property paid to claimants and received is available in the attached.

**REQUEST PRIORITIES AND SIGNIFICANT ISSUES:**

UP is working to modernize and streamline processes through the use of technology to add greater security and efficiency to the functions of the office. This will include the utilization of technology and data mining companies to allow the office to find current addresses and phone numbers of owners with unclaimed property. The office will also utilize a 3rd party to maintain accurate information related to securities held.

UP will monitor workstations and other components to replace aging hardware as needed.

UP will continue to review processes to strengthen the security of our hardware, software, and procedures. In recognizing the possibility of fraudulent claims being filed, the office would like to implement greater risk control procedures.

One goal of UP is to promote awareness of the program. The division would like to continue to reach more constituents through a variety of methods. The office will continue to pursue various means of promoting awareness of unclaimed property, including radio, print ads, television, digital advertising, and social media. The COVID-19 pandemic has forced the office to consider new ways to reach owners of unclaimed property beyond the traditional outreach event.

UP has for years employed part time assistance from the SOS program. Going forward, the office intends to bring this position in to be included as a member of the NSTO staff, rather than an SOS employee.

UP will work to maintain an adaptive work environment to adjust to health concerns like COVID-19 and other disaster recovery and preparedness scenarios

The office also will continue to sponsor online auctions of safe deposit box items, publish notice to owners of unclaimed property in daily Nebraska newspapers, mail notices directly to owners, make use of social media, and improve materials and tools to assist holders in reporting unclaimed property.
